The Mc Musky's Family Bedtime Stories

Once upon a time, on the water's edge of the river was a beautiful meadow of wildflowers where the Mc Musky's lived. They lived in an ole hollow tree that fell, on Chief Myakka reservation, during a really bad storm.

The Mc Musky's are a family of Skunks and they are so cute and fluffy. They waddle a little when they walk and waddle a lot when they are running and they become real stinky anytime they are startled or are afraid.

There are eight little Mc Musky's in the Mc Musky's family. There is Ms. Petunia Mc Musky and her seven little kiddies. There are Four little boy kiddies and three little girl kiddies and their names are Juniper, Jasper, Woody, and Clover, Magnolia, Lilly and Rosemary. The Mc Musky's love living close to the river. They wake up in the morning and walk outside and smell the beautiful meadow of wildflowers and then they head to the river's edge and look for something special every day.

This morning Ms Petunia Mc Musky woke up and went straight away and said, "Good Morning Juniper", "Good morning Jasper", "Good Morning Woody and Clover". "Good Morning Magnolia", "Good Morning Lily and Rosemary". "It is a beautiful morning and we have something special to do today."

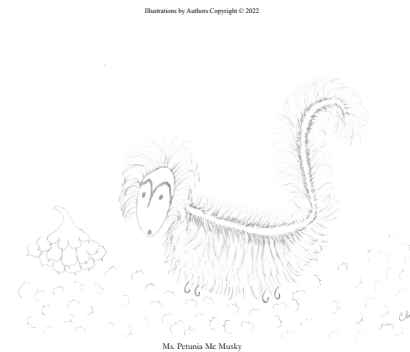

"The birds have been singing since early and we must get there right away. The berries will be ripe today and we must hurry and be on our way. Today the berries are ripe and ready to eat. There will be berries for

everyone," says Ms Petunia Mc. Musky.

So Juniper, Jasper, Woody and Clover tell there mother good morning while yawning and stretching.

"Good Morning Mother" ,says sleepy Magnolia. "Good morning", says Lily and Rosemary. Are we late, says Rosemary? "No." says Ms Petunia Mc Musky, "We should be right on time."

So all the Mc Musky's get themselves ready to do something special today. They are going to have breakfast in the Berry Patch and then they are going to the water's edge and look for a special seashell as a family today.

So off they all go to the Berry Patch for breakfast, waddling along when Clover starts yelling, "Hey look everyone Magnolia has a hitchhiker". "What is a hitchhiker Mother?" , says Magnolia. " It means you are wearing a ladybug," says Jasper. "It is on your shoulder", says Juniper. "Somebody get her off she might bite me, " says Magnolia. "It won't," says Jasper. "How do you know?", Says Magnolia. "Ladybugs don't bite, they pinch you with their legs", says Jasper, "but only if they are trapped." Jasper says, " Magnolia you don't know if it is a she because boys are ladybugs too. Juniper speaks up and says, "Ladybugs smell with their feet and antennae, She is probably just smelling you Magnolia". "Mother, help me," says Magnolia. "Oh Magnolia" says Ms Petunia Mc Musky, "Ladybugs are actually Beatles and are harmless. It will fly away." And at that moment the Ladybug did just that and flew away. Just as the Mc Musky's arrived for breakfast at the berry patch.

Mc Musky's in the Berry Patch

There were berries everywhere and Ms Petunia Mc Musky said, "Thank you Lord for this food, In Jesus name Amen". And all the Mc Musky's began eating all the delicious berries they wanted.

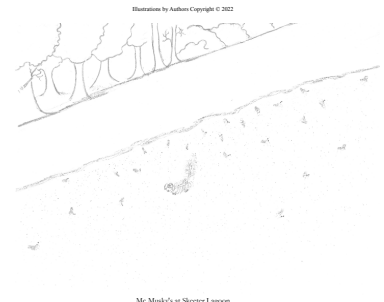

Clover said, "they are the best berries I've ever had

"and Woody agreed they were the best.

Ms Petunia Mc Musky began to explain to her kiddies that they were very close to the river's edge and the

seashells they would be looking for were very unique. They are very beautiful and cone shaped and when you hold them up to your ear you can hear the ocean. " Mother, I want to hear the ocean", Lily said. Then just at that moment a fox appeared and startled all of the Mc Musky's. Juniper was aimed right at the ole Fox and everybody got musky. The ole fox stopped walking and started rubbing his face in the grass and the ole Fox began to cry and started flipping and flopping and rolling all over the ground and Ms Petunia Mc Musky told her kiddies to hurry and get away from the ole Fox and get on with their special day.

So all the Mc Musky's continued their journey towards the river and Woody was bragging the whole way there. He said he sprayed that ole Fox right in the eye. Jasper spoke up and said, he was the one that got that ole fox flipping and flopping all over the ground. Juniper said he was the one that made him cry and then Ms Petunia Mc Musky began to explain to her kiddies not to get too close to the waters edge alone. As they were arriving at the river you could see the seashells from afar. They were everywhere. Jasper said, " It looks like hundreds", and Juniper spoke up and said, " It looks like thousands to me." And as the Mc Musky's got a little closer, Clover asked his mother if the seashells could walk? "Well not exactly", says Ms Petunia Mc Musky. Just as Clover said, " Well, I see one walking around". Ms Petunia Mc Musky laughs and says, " It does appear the seashells are walking, but it is because a little crab crawls inside and makes it his home." As the little crab grows bigger, he finds a larger seashell to move

into. So, we can only collect the seashells that no one lives in. So all the little kiddies begin to look for empty seashells one by one. Woody yells, "I think I found an empty one!", "Never mind, he says, it has eyes and legs when you look real close". And the seashell hunt went on and on and on, and so far there were no empty seashells.

"When are we going to find an empty one?" Says Rosemary, "I'm getting tired." "Are we ever going to find a Seashell that doesn't have a little crab living in it?", Says Lily. Well, says Ms Petunia Mc Musky, "Everyone needs a home." These seashells are the homes for these little crabs. Right now there is NO VACANCY. So, I think it is time for us to go home now. We will come back another day and look for empty seashells again.

"Let's be on our way.", says Ms Petunia Mc Musky. "We will stop by the sunflower field and have some Sunflower seeds and fresh sunflower sprouts for dinner. It is very lovely there, with the largest yellow flowers I

have ever seen and it smells delightful too."

Mc Musky's in Sunflower Field

"When I walk around on the sunflower petals, my feet feel so special," Ms Petunia Mc Musky said. "Mine feel special too Mother", says Rosemary.

Juniper speaks up and says, "I like the sound of the seeds when you crunch the husk."

"I like the seeds inside the husk," says Woody. "My

favorite is the crispy sprouts," says Magnolia. "Me too," says Lily. Jasper says, "I like the way the sunflowers all face the sun." "And when there is no sun they face each other"

says Rosemary.

"Let's go!" says Clover, "You guys are making me hungry. " "Yes," says Ms Petunia Mc Musky," Let's go to the Sunflower field and have some dinner, by then it will be time for my little kiddies to get ready for bed."

Mc Musky's Bedtime Stories and Wishes

"Are we going to have a bedtime story?" Asked Lily "Of course ", says Ms Petunia Mc Musky.

So, when the Mc Musky's arrive at their home, they all get ready for bed and one by one they all jump into

their beds. When Juniper says, "Can I be first Mother?" "Yes Juniper you can be first." Ms Petunia Mc Musky says.

Then Juniper says:

Little Juniper from afar, wishes a wish upon a star. I wish he says, I wish to be, I wish to be as strong as a

Juniper tree, that's what little Juniper wishes to be.

Then one by one they all make a wish.

Then Jasper says:

"Little Jasper from afar, wishes a wish upon a star. I wish he says, I wish to see, I wish to see a piece of Jasper just for me. That's what little Jasper wishes to see."

Then Woody says:

"Little Woody from afar, wishes a wish upon a star. I wish, says Woody, I wish to see, I wish to see the largest sandalwood tree just for me. That's what little Woody wishes to see."

Then Clover says:

"Little Clover from afar, wishes a wish upon a star.

I wish, says Clover, I wish to see, I wish to see a field of four leaf clovers just for me, that's what little Clover wishes to see."

Then Magnolia says:

"Little Magnolia from afar, wishes a wish upon a star. I wish, says

Magnolia, I wish to see, I wish to see a

Magnolia flower in a Magnolia Tree. That is what little Magnolia wishes to see."

Then Lily says:

"Little Lily from afar, wishes a wish upon a star.

I wish, says Lily, I wish to see, I wish to see a field of Lilies and Butterflies just for me. That is what little Lily wishes to see."

Then Rosemary says;

"Little Rosemary from afar, wishes a wish upon a star. I wish ,says

Rosemary, I wish to see, I wish to see a

Rosemary plant made into a Christmas tree, that is what little Rosemary wishes to see."

Now that my little kiddies have all had their say as your Mother I want to pray, " To our Dear Heavenly Father

from above thank you for taking care of the ones I love, in Jesus name

Amen. Sweet dreams my little kiddies. I

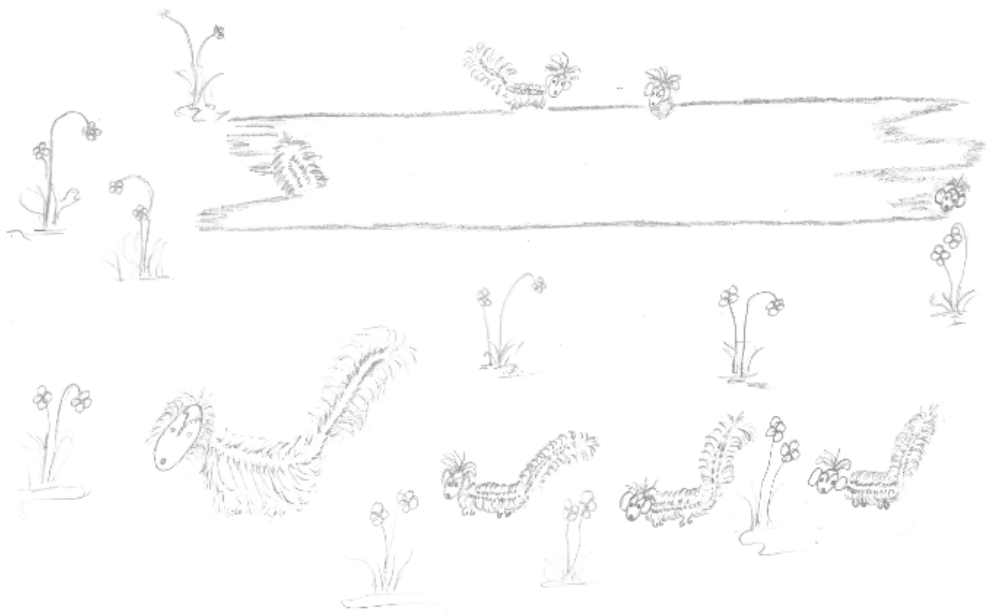

love you."

Now it is your bedtime and the Mc Musky's have a wish for you. The Mc

Musky's want you to make a wish, a

wish upon a star too.
