

HMS Customer Rewards Program

How to earn a free product:

We are always willing and eager to have more racecar parts retailers and race shops carrying our products. We've developed a program that rewards our retail customers in helping us connect with your local parts retailers and race shops.

The program is simple. Help us to get HMS on the shelf of your local parts store or race shop and we'll send you \$150.00 worth of free product and some other HMS merchandise.

We do protect our current retailers and won't establish another one within 30-50 miles of each other. This varies a little depending on location, amount of tracks in the area, specific racing they support, etc.

To earn free product just have your local race shop/retailer give us a call or shoot us an email to inquire about becoming an HMS dealer. Be sure to let them know they need to mention your referral so you can receive the free product if they become a dealer.

Also you can reach out to us directly and let us know who you have referred us too. We'll reach out to them directly and mention your referral.

Thank you,
