JULY 2025

HIGHLIGHTS OF THE MONTH

IDEAS IN ACTION: INTERN PROJECT PRESENTATION & SOCIAL MEDIA KICKOFF

For five weeks, our summer interns put in the work—researching, drafting, and developing legislative bills from the ground up. They learned the ins and outs of policymaking, collaborated with stakeholders, and connected with members of the 38th Guam Legislature. Their final projects reflected not only their growth and initiative, but also the values, concerns, and ideas of their generation. I'm incredibly proud of their dedication—and grateful for the chance to learn just as much from them as they did from their time in our office. In addition to their legislative work, they also partnered with interns from various GDOE schools to launch Intern Voices: Real Talk on Real Issues—a youth-led social media series tackling real-world topics like vaping in schools, civic engagement, sustainability, education, and more. These young minds have something to say—and we're all better for listening.

For his final project, intern Ty Leon Guerrero introduced a thoughtful and forward-looking legislative proposal titled the Second Chances Act—a bill aimed at giving incarcerated individuals a real opportunity to rebuild their lives.

Our interns collaborated with the intern of Senator Shelly Calvo and posted a sneak peek Instagram reel of their upcoming series, "Intern Voices."

SPOTLIGHT ON SUCCESS: RECOGNIZING GUAM'S 2025 VALEDICTORIANS AND SALUTATORIANS

I had the pleasure of presenting legislative certificates to the valedictorians and salutatorians from each of Guam's high schools and it is with much pride that I share just how special each of them is.

They've worked hard, stayed focused, and earned every bit of recognition coming their way. Their commitment to excellence, even through the ups and downs of high school life, shows just how bright and capable our youth truly are. Whether they're heading off to college, joining the workforce, or exploring other opportunities,

I know they'll carry the spirit of Guam with them proudly and confidently. They represent not just academic achievement, but the future of our island.

To our top grads: enjoy this moment, stay grounded, and keep aiming high. Your island is proud of you, and we'll be cheering you on every step of the way.

Your dedication is a true inspiration to every student striving for excellence in their academic journey.

CELEBRATING THE BTACS CLASS OF 2025: A FUTURE POWERED BY KNOWLEDGE & INNOVATION

Congratulations to the Class of 2025 from the Guam Business and Technology Academy Charter School! It's always inspiring to see our island's students stepping into the future with skills in business and technology that Guam truly needs. As you move on to new challenges and opportunities, know that your hard work doesn't go unnoticed. Keep pushing forward – we're proud of you, and we're excited to see where you'll go next.

Your achievements are a reflection of not just your individual efforts, but also the support of your families, teachers, and the community that stands behind you. As you take the next steps, remember that the foundation you've built here is strong. Stay connected to your roots, keep learning, and continue representing Guam with pride wherever you go.

A GRATEFUL FAREWELL TO A PILLAR OF UOG LEADERSHIP

It was an absolute pleasure to present a legislative certificate to Mr. Randall V. Wiegand in honor of his retirement and decades of dedicated service to the Government of Guam—especially his ten years of outstanding leadership at the University of Guam. From guiding UOG through tough times like the pandemic and Typhoon Mawar to helping build major campus facilities

and modernize operations, his impact is lasting and far-reaching. On behalf of the people of Guam, I thank him for his steady leadership, commitment to excellence, and the legacy he leaves behind. Wishing him all the best in this exciting next chapter—he's certainly earned it!

A LEGACY OF LEADERSHIP IN EDUCATION: HONORING A CHAMPION FOR GUAM'S STUDENTS

As chairperson of the Committee on Education, it was my distinct honor to recognize Mrs. Janice Chargualaf for her remarkable 35 years of service to GDOE. A dedicated educator, principal, and advocate for students and teachers alike, Mrs. Chargualaf has spent her career raising the bar for academic excellence while championing programs that support the whole child. I extend my deepest gratitude for her commitment to our island's youth and congratulate her on a well-earned retirement. Si Yu'os Ma'åse', Mrs. Chargualaf—your legacy will continue to inspire.

10 YEARS OF SERVICE, EXCELLENCE, AND INNOVATION AT GRMC

I was happy to join Guam Regional Medical City in celebrating their 10th anniversary—a decade of dedicated, compassionate care for the people of our island. GRMC has become a trusted pillar in our healthcare system, and it

was inspiring to witness the unveiling of their 10-year timeline display, which beautifully tells the story of their growth, milestones, and unwavering commitment to improving lives. I extend my deepest congratulations to the entire GRMC team for this incredible milestone, and I look forward to all they will continue to do for our community.

HONORING A HERO: THE DEDICATION OF THE BRIGADIER GENERAL BEN BLAZ MEMORIAL MARKER

The revealing of the Brigadier General Ben Blaz Memorial Highway marker was truly a historic occasion. The marker is an enduring tribute to a true son of Guam. As our island's first brigadier general in the U.S. Marine Corps and only the second delegate to the U.S. Congress, the late General Blaz broke barriers and served with honor, humility, and deep love for our people. This marker not only commemorates his remarkable achievements, but also reminds us of the lasting impact one Chamoru leader can have on both island and nation.

SESSION SPOTLIGHT: PROGRESS, POLICY, AND PURPOSE

The July legislative session was focused on meaningful action – pushing forward policies that address some of our island’s most pressing challenges. One major priority continues to be our education system. To help tackle the ongoing teacher shortage, I introduced and supported legislation offering incentives for retired teachers to return to the classroom. These experienced educators are a valuable resource, and bringing them back not only helps stabilize our schools but ensures our students continue receiving quality education without interruption.

We also made strides in empowering those who have served our island and country. Efforts to expand support for our veterans remain a top priority, and we advanced measures aimed at connecting them with new opportunities and resources.

Additionally, we’re taking steps to strengthen protections for children in foster care, ensuring they are safe, supported, and given the tools they need to thrive. These are the kinds of actions that reflect our commitment to community – and I look forward to continuing this work in the months ahead.

AUGUST 2025

HIGHLIGHTS OF THE MONTH

HISTORY COMES ALIVE: REFLECTING ON THE LEGACY OF THE ORGANIC ACT

Lina'la I Estoria-ta— History Comes Alive— was more than just a celebration. It was a moment for all of us to reflect on how far we've come as a people. As we mark the 75th anniversary of the signing of the Organic Act of Guam, I join our community in recognizing this pivotal moment in our island's history. The Organic Act was

a major step forward in our political and civic development. It represents the resilience of our island and the generations who advocated for voice, recognition, and justice. I'm humbled to have taken part in commemorating this anniversary and to help ensure that the significance of the Organic Act is not forgotten. It serves as a reminder that our journey toward self-governance was hard-earned and that our work continues. It's our responsibility not only to honor its legacy but also to continue the work it set in motion. Lina'la I Estoria-ta reminds us that history is still being written. Each of us plays a role in shaping a more just and empowered future for Guam. This occasion invited us to breathe life into our history — to tell it, teach it, and pass it on. It's through that shared memory and understanding that we continue shaping a future rooted in dignity, self-determination, and pride in who we are as the people of Guam.

Members of the 38th Guam Legislature, along with Congressman Moylan and Lieutenant Governor Joshua Tenorio present Resolution No. 75-38 (COR) at Plaza de España to commemorate the 75th anniversary of the Organic Act of Guam on Friday, August 1, 2025.

GROWING OUR TEAM TO BETTER SERVE GUAM

A proud graduate of Notre Dame High School, Dylan Concepcion joined our team in early August and supports public hearings, legislative work, and official certificates.

I'm proud to welcome some fresh faces to our office family. It's always exciting to bring in new energy—and this crew brings plenty of that. They're quick on their feet, sharp with the tech, and already asking the right questions. It's great to see young folks from our island stepping up to serve the community through public service. Their passion and perspective are exactly what we need to keep pushing our work forward in ways that matter to our people.

They're still learning the ropes, but they've already shown great initiative and enthusiasm. It's inspiring to watch them dive into the ins and outs of policymaking and discover what it's like to be in a legislative office.

This work is about more than bills and resolutions—it's about

people. And part of my job now is helping guide the next generation of leaders.

My hope is that this experience will not only help them grow but also prepare them to carry what they've learned into the real world, wherever their journey takes them. I'm confident that the skills, dedication, and perspective they're gaining here will serve them—and our community—well in the years to come. With this new team on board, I'm feeling hopeful—and honestly, a little more energized myself. Biba, next generation!

An alumnus of Father Duenas Memorial School, Kane joined our team in July and supports office operations, event coverage, and staffing the Senator.

WELCOMING OUR STUDENTS BACK TO SCHOOL

It was great to visit a few campuses and feel the energy and excitement of our students firsthand. They're ready to grow, learn, and lead—and that's something we can all be proud of. Si Yu'os Ma'ase to all the teachers, staff, and families who helped make day one a success. It was especially heartwarming to see the hardworking men and women of the Guam Police Department on-site, greeting students with high-fives and warm smiles. Moments like that remind us how important it is for our entire community to come together to create a safe, welcoming environment for our kids. Here's to a strong, positive school year ahead. Biba students, Biba education, Biba Guam!

CELEBRATING GUAM'S CHAMPIONS OF THE PACIFIC MINI GAMES

One of the great joys of serving our island is being able to celebrate the achievements of our people, and I could not be prouder of Team Guam at the Palau 2025 Pacific Mini Games. Watching our athletes from home, it was clear they weren't just competing for themselves, but for all of us back home. They carried Guam's flag with pride and a spirit that reminds us what it truly means to be Chamorro and Guamanian: resilient, passionate, and unafraid to rise to the challenge. Their hard work and sacrifice paid off in the best way possible. The medals they brought home are a symbol of excellence, but beyond that, they are proof of the extraordinary dedication and heart that went into every performance.

To every athlete, coach, and supporter—you've made our island proud. Si Yu'os Ma'åse for showing the region what Guam is made of. You are more than medalists—you are true ambassadors of our island.

Members of Team Guam receive legislative certificates of recognition, introduced by Senator Vince Borja and co-sponsored by Senator Jesse Lujan and other senators, for their outstanding representation of Guam at the Palau 2025 Pacific Mini Games during an honorary banquet at Capitol Kitchen on August 7, 2025.

HONORING UOG'S 64TH STUDENT GOVERNMENT ASSOCIATION

I extend my warmest congratulations to the newly elected 64th Student Government Association of the University of Guam. Their eagerness to step into these roles is a true reflection of the kind of leaders they are—committed not only to their own growth, but also to the stewardship of their campus community and to improving the student experience for all Tritons.

This moment is a nostalgic one for me. I still remember my own time serving in the Student Government Association, and I know firsthand the challenges and responsibilities that come with the honor of representing your peers. It is not an easy task—but it is a meaningful one. From advocating for student needs to creating opportunities for growth, the work our new officers do will leave a lasting impact on the university and beyond.

I have no doubt that each of them will carry out their duties with dignity, passion, and the heart of true leaders. To UOG's newest SGA, Si Yu'os Ma'åse for your commitment to service, and I look forward to seeing the great things you will accomplish for our island's only university and for the future of Guam.

The newly elected members of the University of Guam 64th Student Government Association throw up the trident sign along with Governor Lou Leon Guerrero, UOG President Dr. Anita Enriquez, UOG Senior Vice President and Provost Dr. Sharleen Santos-Bamba, UOG Board of Regents Chairman Agapito Diaz, Vice Speaker Tony Ada, and Senator Vince Borja during an inauguration ceremony on August 10, 2025 at the Westin Resort Guam, where Senator Borja recognized their leadership and dedication with legislative certificates.

LISTENING, LEARNING, AND WORKING FOR OUR SCHOOLS

Another school year is here, and I'm truly grateful for the chance to connect with students, parents, educators, and community members at our Education Town Hall at GDOE. Hearing your stories, concerns, and ideas reminds me why this work matters so much.

From the challenges of double sessions at Simon Sanchez and FB Leon Guerrero, to the ongoing needs with maintenance, staffing, and planning for Tiyan High, it's clear there's still plenty of work ahead. But your voices remind me that these challenges are also opportunities to do better for our kids.

I also want to thank the Guam Academy Charter Schools Council for welcoming me to their public hearing on the 6th Year Renewal of iLearn Academy Charter School. I appreciated the chance to listen, learn, and work together on strengthening education for all students.

As Education Chair, I'm committed to working closely with GDOE and the Board of Education to make sure our promises turn into real results. Our students, teachers, and families deserve nothing less—and with your input and partnership, we can keep building a stronger future for Guam's schools.

The leadership team of GDOE and members of the Guam Education Board join Senator Vince Borja at the first Education Town Hall of School Year 2025-2026 on August 25, 2025 at the Guam Department of Education to listen to and address concerns affecting Guam's schools.

Senator Vince Borja shares his thoughts on iLearn Academy Charter School at the Guam Academy Charter Schools Council public hearing on August 27, 2025 at iLearn Academy Charter School.

THANK YOU TO OUR GDOE MAINTENANCE & SAFETY TEAMS

I want to extend a huge thanks to the Maintenance and Safety Office employees and the Maintenance Teams of the Guam Department of Education. Your hard work and dedication played a vital role in ensuring a smooth and successful School Year 2025–2026 Opening.

From coordinating safety protocols to maintaining our schools and supporting staff, students, and families, your efforts behind the scenes often go unnoticed—but they are crucial to creating a safe and welcoming environment for our children to learn and grow. The success of the first day of school, and the peace of mind it gives parents and educators alike, is a direct result of your commitment and professionalism.

As we kick off this school year, I want you to know that your contributions are deeply appreciated. You help set the stage for a safe, productive, and inspiring year for all of Guam's students—and for that, Si Yu'os Ma'åse!

Senator Vince Borja, along with Guam Department of Education Deputy Superintendent of Assessment and Accountability Dr. Leah Beth Naholowaa, present legislative certificates of recognition to GDOE maintenance and safety office employees for their exceptional contributions to the success of the School Year 2025-2026 School Readiness Opening at an appreciation ceremony on August 29, 2025 at Family Beach in Piti.

COMMUNITY, FUN, AND APPRECIATION: THE GOVERNMENT OF GUAM LABOR DAY PICNIC

I had the pleasure of attending the Government of Guam's Labor Day Picnic, and it was truly wonderful to see so many employees and their families come together to celebrate the spirit of community, hard work, and dedication. Si Yu'os Ma'ase to the hardworking people of our island and across the nation for your resilience, commitment, and countless contributions that make Guam thrive every day.

As always, the picnic was filled with delicious fiesta food, fun activities, and joyful moments, capturing the true essence of Labor Day. Beyond being a celebration, it serves as a heartfelt tribute to our government workforce and a reminder of the strong bonds that make our island community so special.

It was an honor to share the day with everyone, to connect with so many familiar faces, and to personally thank our public servants for their tireless efforts in improving lives across Guam. Their dedication inspires all of us to continue working together toward a brighter future for our island.

SEPTEMBER 2025

HIGHLIGHTS OF THE MONTH

RUNNING FOR HEALING & RECOVERY

My family, staff, and I were honored to join the Annual Recovery Month 5K/2K Run at Chamorro Village. Standing alongside our island community, we walked and ran in solidarity with those who are on the path of recovery, their families, and the organizations that walk with them every step of the way. Events like this remind us that wellness is not just an individual journey—it is a collective responsibility rooted in compassion, care, and the values that bind us together as a community.

Supporting those who face substance use, addiction, and mental or behavioral health challenges is about more than recovery—it's about healing families, restoring hope, and building a stronger Guam for the next generation. Too many of us know someone affected by these struggles, and it is why our commitment must be unwavering. As we recognize September's Recovery Month, let us continue to lift each other up, invest in wellness, and ensure that no one walks this journey alone.

GUAM'S OUTSTANDING STEM EDUCATORS SHINE

It is with great pride that I recognize three outstanding Guam educators named State Finalists for the 2025 Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST)—the nation's highest honor for K-12 STEM teachers. Congratulations to Colette G. Beausoliel (JFK High, Science), Elaine Cortez (Simon Sanchez High, Mathematics), and Mark Villaverde (V.S.A. Benavente Middle, Mathematics).

These remarkable teachers embody dedication, creativity, and a passion for inspiring the next generation of problem-solvers. Their innovative teaching strengthens STEM learning and prepares Guam's students for careers that will shape our island's future. On behalf of our community, I extend heartfelt congratulations—Colette, Elaine, and Mark, we celebrate your achievements and the difference you make every day!

L-R: Senator Vince Borja, Elaine Cortez, GDOE Superintendent K. Erik Swanson, Colette Beausoliel, and Mark Villaverde smile for a photo during a legislative certificate presentation in recognition of Cortez, Beausoliel, and Villaverde on being State Finalists for the 2025 PAEMST at the Guam Congress Building Public Hearing Room on September 3, 2025.

MR. MARCOS FONG: PROUD UOG ALUMNUS AND REGENT CANDIDATE

As Chairman of the Committee on Education, I was honored to hold the public hearing for Mr. Marcos Fong, who is once again stepping up as a candidate for the University of Guam Board of Regents. Having previously served on the

board and being a proud UOG alumnus himself, Mr. Fong brings both experience and heart to this role. I extend my best wishes to him as he continues his commitment to our island's only university, helping to shape opportunities for today's Tritons and the generations to come.

HONORING HEROES, EMBRACING PEACE

I was honored to join the Rotary Club of Northern Guam for their “Let Peace Begin With Us” 9/11 Peace Ceremony & Tribute. This special gathering gave us the chance to remember the lives lost, honor the heroes who answered the call, and reflect on the importance of peace and unity—both here at home and across the world. May we continue to let peace begin with each of us, every day, in the way we care for our families, our island, and our community.

L-R: Senator Vince Borja, Senator William Parkinson, Governor Lou Leon Guerrero, Vice Speaker Tony Ada, and Senator Joe San Agustin stand in front of the Twin Towers monument and tribute wreaths during the Rotary Club of Northern Guam’s “Let Peace Begin With Us” 9/11 Peace Ceremony & Tribute on September 11, 2025, at Two Lovers’ Point in Tamuning, honoring the victims of the 9/11 attacks.

SEEING OUR SCHOOLS THROUGH STUDENTS' EYES

I had the privilege of visiting with Principal Masnayon of Simon Sanchez High School and Principal Rosete of John F. Kennedy High School to hear firsthand about the challenges and successes of their respective schools. They provided detailed insight into the pressing issues that need attention, including classroom conditions, resource needs, and reinforced SPED supervision.

I even had the opportunity to speak with John F. Kennedy High School students on a student-led walkthrough of the campus to get their take on the realities of double sessions, including tight schedules that leave little time between classes and force them to choose between lunch and participating in clubs or class activities. It's important for our students to have the full high school experience, and a big part of that is time for extracurricular activities where they can express themselves, build skills, and grow as individuals.

I am deeply grateful to Principals Masnayon and Rosete, my student tour guides, and the students who shared their experiences with me. Their openness and dedication are extremely valued as my colleagues and I work toward much needed solutions. As Chairperson of the Committee on Education, I remain committed to working alongside our educators, staff, and families to address these challenges, support meaningful programs, and ensure every student has the opportunity to thrive—both in the classroom and beyond.

CHALAN-PAGO ORDOT MULTIPURPOSE EMERGENCY SHELTER RIBBON-CUTTING CEREMONY

Congratulations to the people of Chalan Pago-Ordot on the opening of your new Multipurpose Emergency Shelter! I was honored to attend the ribbon-cutting ceremony and tour the facility, and I was truly impressed by everything this shelter has to offer. More than just a place of refuge during emergencies, it provides spaces for gathering, celebrating, and strengthening the community, including sports and wellness areas, childcare, kitchens, laundry facilities, and more. Walking through the facility and seeing the thoughtful design and resources, I could feel the positive impact it will have on the village and the wider community. Si Yu'os Ma'ase to everyone who worked tirelessly to make this shelter a reality—it's a true hub for resilience, connection, and community pride.

GUAM DEFENSE FORUM

I was glad to attend the Guam Defense Forum, where leaders, community members, and stakeholders came together to discuss Guam's vital role in national defense and the issues that matter most to our island. The forum provided an important opportunity to engage in meaningful conversations about the safety, security, and resilience of our community, as well as how we can continue working closely with the United States to address challenges and strengthen partnerships. It was inspiring to see our island's leaders and residents actively participating in shaping Guam's future and ensuring that our strategic position and the well-being of our people remain a top priority.

PREPARING FOR THE FUTURE WITH GDOE HEARING

I want to thank everyone who attended our Informational Hearing, where the Guam Department of Education (GDOE) provided updates on the upcoming superintendent transition, leadership continuity, and FY2025 finances. As Chairman of the Committee on Education, it was my honor to host this important discussion, and I appreciated the thoughtful questions and insights shared by my colleagues, which helped ensure a thorough review of these matters. I also want to take a moment to recognize Superintendent K. Erik Swanson, who is nearing his well-deserved retirement. Thank you, Superintendent Swanson, for your dedication and leadership—it has truly been a pleasure working with you, and your service has made a lasting impact on our schools and students. Keeping our schools stable, accountable, and focused on student success remains a top priority, and today's hearing was an important step toward that goal.

CELEBRATING THE UNIVERSITY OF GUAM'S G3 KUPU CONSERVATION CORPS

Congratulations to the University of Guam's Guam Green Growth Kupu Conservation Corps graduates! I had the pleasure of celebrating this incredible group of young leaders who are dedicating their time and energy to making our island greener and stronger.

Your hard work—from conservation projects to community initiatives—is already making a real difference for Guam. It's inspiring to see the passion, creativity, and commitment each of you brings to protecting our natural resources and building a sustainable future.

I'm proud to support and celebrate your achievements, and I look forward to seeing all the ways you'll continue shaping a healthier, more vibrant Guam for generations to come.

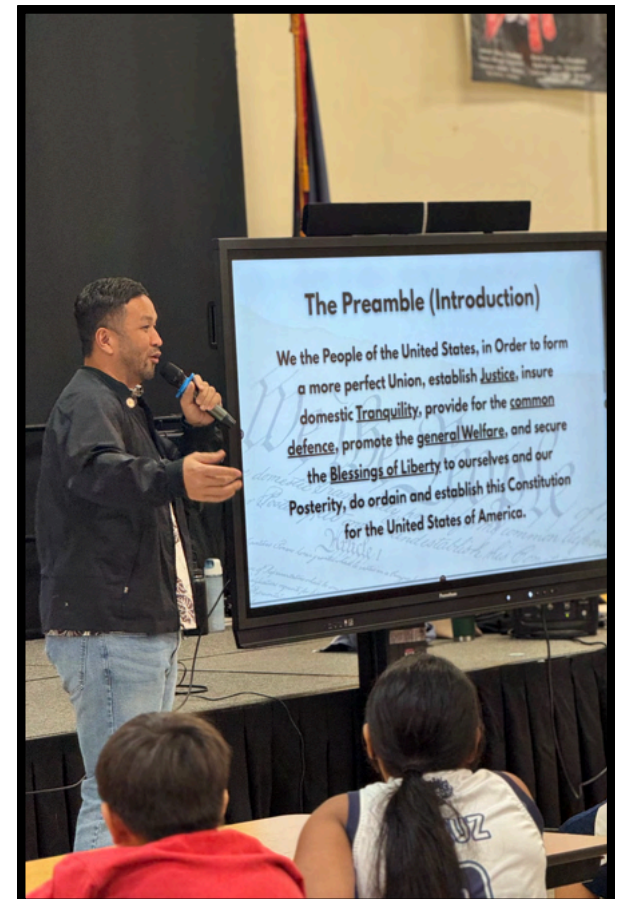

The graduates of the University of Guam's Guam Green Growth Kupu Conservation Corps pose for a photo-taking with Lieutenant Governor Joshua Tenorio, director of the UOG CIS & Sea Grant Dr. Austin Shelton, and members of the 38th Guam Legislature at the Guam Government House in Agana Heights on September 19, 2025 in celebration of their graduation ceremony.

CELEBRATING CONSTITUTION DAY WITH ADACAO ELEMENTARY SCHOOL

I had such a great time celebrating Constitution Day with Speaker Blas, Senator Calvo, and the amazing students at Adacao Elementary School. The students even created their own School Constitution—and to my surprise, they suggested adding more tests!

We walked them through the legislative process, talked about voting, and why our rights and voices matter. Their curiosity, energy, and thoughtful questions were truly impressive. It was inspiring to see students take ownership of their learning and think critically about rules, fairness, and community. Moments like this show just how eager the next generation is to understand their role in shaping our island's future.

Si Yu'os Ma'ase to the administrators, teachers, and students for hosting us and making this such a fun and meaningful day. Experiences like this remind me how important it is to inspire and empower our future leaders—we can't wait for the next one.

HEARING FIRSTHAND: SUPPORTING OUR HOSPITAL AND COMMUNITY

This week, I had the opportunity to join my colleagues for a joint oversight hearing at Guam Memorial Hospital (GMH) and meet directly with hospital leaders and staff. We talked about everything from funding and day-to-day operations to upcoming capital projects and ways to improve patient care. It was important to hear firsthand what the hospital needs to keep serving our community effectively. Spending time at GMH gave me a closer look at the challenges and successes happening every day behind the scenes. Being on the ground like this reinforces my commitment to making sure our hospital has the resources and support it needs to provide quality healthcare for everyone on Guam.

REMEMBERING OUR HEROES AND HONORING OUR GOLD STAR FAMILIES

I had the honor of attending and speaking at the VFW Gold Star Family Dinner. It was a very special evening that I was humbled to be a part of, dedicated to recognizing the families of our fallen service members. Being in the company of these remarkable families was extremely inspiring. Their strength, resilience, and unwavering love for their loved ones serve as a powerful reminder of the sacrifices made by Guam's sons, daughters, and neighbors who gave everything in service to our country.

Conversations and stories shared that evening reinforced the importance of remembering and supporting these families, not just on one day, but every day. As a fellow veteran, it was meaningful to connect with them, listen to their experiences, and reflect on the responsibility we all share to honor the legacy of those who served. Their dedication to keeping the memory of their loved ones alive strengthens our community and inspires all of us to live with courage, gratitude, and purpose.

AHEAD — LOOKING

Office of Senator Vince Borja

The 38th Guam Legislature

Thank you for staying engaged and being part of the progress we're making together. As we head into the final months of 2025, I'm looking forward to focusing on some key priorities:

- ★ **Island-Wide School Facility & Maintenance Updates**
- ★ **Hearing Directly from High School Students Regarding Their Concerns and Ideas for Solutions**
- ★ **The Fiscal Year 2026 GDOE Budget and Federal Education Funding**

Your Voice Matters!

Progress is only possible with your input and support. The needs of our island cannot be met without community engagement and collaboration. I encourage you to stay involved, share your thoughts, and sign up for our email updates to receive the latest news on our initiatives.
