Neighborhood Pond Groups

In 2016 the Ponds Committee approved the concept of Neighborhood Pond Groups. They can be formed by three or more property owners abutting a POA-owned pond. For residents living on a Troon or non-POA pond, many of the Ponds Committee's resources are available to help. The reasoning behind this is to pool ideas and resources for pond enhancements with interested neighbors.

Three neighbors split the cost of stocking fish in the pond pictured below. There are other informal groups who improved their pond borders with plantings. Sharing the cost is just one possible benefit. The biggest benefit is enjoyment of their pond by providing recreational, aesthetic, and environmental improvements. You can also receive the support of the Ponds Committee on activities such as fish stocking, pond plantings, and pond health.

Neighbors in this Woodlands Park pond stocked a variety of fish.

The informal group activities of some pond neighbors in St. James have shown an interest in this concept. To learn more about how a Neighborhood Pond Group can be set up, along with some guidelines and benefits, [click here](#). You will be linked to the one-page document on the POA website: Neighborhood Pond Groups.
