November 3, 2020

### **2020 Pond Plant Sale Survey**

It is the time of year when our pond plants go into hibernation and we start thinking about the holidays ahead. Before we do, the Ponds Committee will be sending a Plant Sale Survey to all residents who ordered plants from us this year. Five months after planting, we want your take on how the plants you purchased met your expectations. We learned a lot from our survey last year. We expect to learn even more this year with many more of you ordering plants. We use this information to help us with selections of plants and sharing methods used to create a successful outcome. In the coming few days, look for an email from Survey Monkey and please take 5 or so minutes to give us your experience with the plants you purchased. We thank you in advance for your valuable feedback!

Splendor in the Backyard!

Pictured above, this resident's yard was meticulously planned and turned out gorgeous. Hundreds of pond plants were installed, and you can see the result. Blue Flag Iris, Pickerelweed, Coastal Sweet Pepperbush and American Beautyberry were generously spread over 160 feet of shoreline. This was not only a source of beauty and inspiration for the homeowner, but for the hundreds of butterflies and birds discovering this new splendor in the backyard. Among the birds were a flock of wild turkeys. They made the trek from the woods behind this pond to sample the purple berries of the American
