

Sponsorship Information Packet

The Hernando Band Program would like to extend a heart-felt thank you for your interest in being a sponsor for the 2020-2021 school year. Your financial support will enable our students to further their growth in music education and all-around excellence. The City of Hernando is a fast-growing community where business and education share in the same desire to offer only the best. With the generosity of companies like you, our directors have been able to produce an award-winning program, which fosters a love of music and higher education. Our students' hard work and dedication represent the City of Hernando. That dedication is encouraged by knowing they are not alone in their efforts and have the city and county supporting them.

Attached you will find a graph that details the levels of sponsorship and benefits available. All funds given through our sponsorship program will afford our students the ability to travel and compete in statewide competitions, to audition for and attend honor bands throughout the year, and to continue to branch out to other states and compete against nationally-recognized, competitive band programs. Without the help from companies and organizations like you, The Hernando Band Program would not be where it is today. The importance of the program's success can be seen through our graduating class this year, where 100% of our band seniors receive scholarships for higher education. Your help is memorialized in their future education. Thank you again for taking the time to review our sponsorship options, and we look forward to partnering with you during this school year!
