DISCOVER THE BEST WHOLE HOUSE WATER FILTRATION SYSTEM

H2O Water Biz is family owned and operated by Dennis and Christina Bynum of Cookeville TN. Our team continues to grow including expert installation technicians, top notch sales and service team members, water experts and a designated marketing director.

At H2O Water Biz, we are committed to providing our customers with the best residential water treatment systems available. As a trusted provider in the industry, we offer a wide range of products and services that are designed to meet your unique needs. Our residential and commercially proven products offer guaranteed performance and unmatched value.

Our whole house water filtration system eliminates 99% of the harmful materials that could be causing skin problems or health issues for your family! You don't have hard water, there are chemicals in like chlorine, heavy metals, pesticides, and so much more!

We're not just another company that sells water filtration systems, we are water purification experts who provide the best spring quality, alkaline water available today. We always strive to exceed our customers' expectations—and deliver a superior product at an affordable price. We put our money where your health is! Our Patented Technology makes us the most affordable Go Green Water system on the Planet!

Find out what's in your water! We offer Vortech Distribution Technology, delivering great tasting water, chemical free water and more! Contact us today! Corporate Headquarters 931-575-8966.

Patented Technology

PROTECT YOUR PLANET

Every Go Green Best Price Water System™ sold by H2O Waterbiz features the Revolutionary New 21st Century Patented Vortech-Mid-Vortech™ Distribution Technology from Enpress•. Visit the Manufacturer: www.enpress.com

Our No Salt Alkaline Systems feature the state-of-the-art H2O Multi-Polarity Magnetic Ionizer retaining the healthy alkaline minerals in the water while reducing hard water scale. The combination of the Patented Vortech-Mid-Vortech™ Distribution Technology and the H2O Multi-Polarity Magnetic Ionizer makes it the most environmentally friendly Go Green Whole House Alkaline Water Filtration System™ on the planet.

Our ECO-PRO™ Hybrid Salt Systems utilize the Patented Vortech-Mid-Vortech™ Plate design that creates fluidity of the media beds and extends contaminant removal capacity; which means less regenerations and significant reduction in water use. Saving 30% less water, and up to 30-50% less salt helps save our environment AND with backwash flow rate reductions of at least 30%. This makes the ECO-PRO™ series the most Eco-Friendly Whole House Water Softener Conditioner Filtration Systems on the planet. So its easier to go green and save green at the same time.

Benefits THAT WILL MAKE YOU Smile!

ENPRESS™ manufactures the world's finest composite pressure vessels 100% Made in the USA. We utilize an industry exclusive copolymer polypropylene formulation for the liner assembly that is far superior to traditional polyethylene. That means ENPRESS™ vessels provide superior performance in harsh climate extremes and have far better chemical and impact resistance. Multiple tanks, media and valves to meet your specific water challenges.

FEATURES & BENEFITS

~Up to 30% less backwash flow rate is required ... conserving water for the consumer

~High flow design maximizes today's high efficiency valve technology

~Permanent attachment of dip tube to distributor, so when servicing a valve, distributor stays in place, no more rebedding

~Vortech distributor plate is designed for over 6,500 lbs. Load capacity

~Most efficient softening regeneration, reducing salt consumption

~Self-cleaning nozzle design eliminates potential clogging and build-up

~Available for 9", 10", 12", and 13" tanks; adapters for 1" and 1/4" valves

~Increase in softening capacity due to improved flow through media

~No channeling of media, providing a cleaner more efficient system

~Environmentally friendly, reduction in required backwash times due to improved bed lift and mixing... at lower flow rates

BETTER TASTING WATER

Multi-polarity magnetic ionization magnetically charges the calcium molecules, causing them to repel instead of attract one another. This converts calcium bicarbonate to calcium aragonite, which prevents calcium deposits from accumulating and creating scale build-up in your plumbing system.

Vortech Inside

GOOGLE 5-STAR REVIEW ★★★★★

"Wonderful is an understatement. Having great tasting, healthy water at every faucet is such a luxury. I have experience improvements to a skin condition that I also attribute use to this system. On top of that, the customer service can't be beat." ~Sarah Hawlik

CREDIBILITY IS EVERYTHING
