Lash Extensions

Classic Full Set	100
Classic Fill	75
Classic is the most natural of the extension types. This look won't make it seem like you have more, just extends the curl & length of what you already have. (Mascara Look)	
Hybrid Full Set	120
Hybrid Fill	85

Hybrid is a mix of fans and single lashes to create a fuller appearance. (3-5 more synthetic lashes per 1 natural lash, combined with 1 synthetic lash per 1 natural lash).

Volume Full Set	150
Volume Fill	95

Volume adds multiple synthetic lashes to each individual natural lash. Most dramatic of the 3 styles. Lighter lashes used to keep your lashes healthy. (5+ lashes uses per 1 natural)

3 Styles to choose from:

Rounded

(Longest in the center)

Babydoll

(Longest in the middle and outer corners)

Cateyes

(Longest on the outer corners)

Semi-Permanent lashes will stay attached as long as your natural lashes do and will shed with your natural lash cycle. We suggest returning for a full every 2-3 weeks to maintain your desired look.

Returning with less than 30% lashes will be considered a full set.
