

YOUR HEALING HANDS

An Empowering Introduction to Hands-On Energy Healing

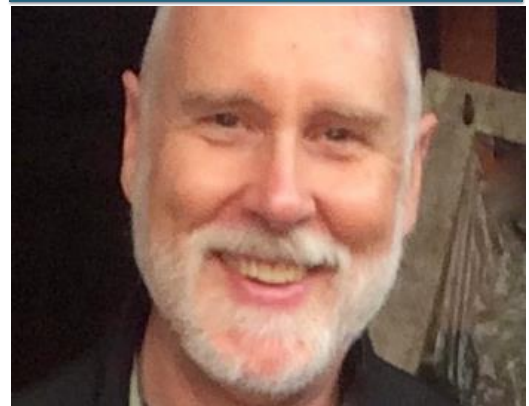

with **RON MOOR**

To Be Rescheduled

Experience the joy of working with the energy of healing, to feel it, direct it, use it for your own well being and how to bring healing to another in their time of need.

In the morning you will be introduced to the reality of healing energy, available to all. Specially created exercises will enhance your ability to be a channel of this universal life force.

In the afternoon, you will learn, by giving and by receiving, the Chelation full-body energy healing technique. At the end of our day you will be able to offer a complete energy healing session to those around you in their time of need.
