

Job Description: Transportation Design Director

General Description:

Lakeside Engineers' Transportation Design practice provides professional roadway design services to state, county and municipal clients for their diverse and challenging projects. The Transportation Design Director leads the Lakeside design team from our Wauwatosa, WI corporate office. This position focuses on strategic planning and the successful pursuit and delivery of roadway design projects.

Desired Knowledge, Skills and Abilities:

- Experience managing major roadway design projects.
- Demonstrated success managing and leading diverse project teams, with a strong track record of technically competent and financially prudent project delivery.
- Experience pursuing, winning, and executing engineering contracts with public agencies.
- Knowledge and experience with the AASHTO Policy on Geometric Design of Highways and Streets ("Green Book").
- Knowledge and experience with the Wisconsin DOT Facilities Development Manual is desirable.
- Knowledge and experience with AutoCAD/Civil 3D and Microstation.
- Excellent interpersonal, verbal and written communication skills.
- Excellent organizational skills and ability to positively direct and supervise staff engineers and technicians.
- Strong leadership and project management skills, and the ability to work in a team-based environment.
- Ability to mentor professional engineering staff of varying levels of experience.
- Business development skills and established client relationships are desirable.
- General competencies expected of all Lakeside employees include: Client Service, Commitment, Communication, Innovation & Continuous Improvement, Professionalism, Versatility, Quality and Teamwork. (Note-"Clients" also include internal Lakeside managers and staff).

Required Experience:

Minimum of 10 years of successful professional experience in transportation/highway engineering

Current PE licensure in Wisconsin

Education:

Bachelor Degree in Civil Engineering

Work Status:

Full-time

Travel:

Position will require some limited travel.
