

**Job Description: Project Engineer**

**General Description:**

A Project Engineer to fill a current design/traffic engineering need. The work in this position includes performing a variety of engineering duties involved with design and traffic engineering, under the direct supervision of a senior engineer. Responsibilities will consist of design using AutoCAD/Civil 3D software. Familiarity with WisDOT policies and procedures and knowledge of the WisDOT FDM will be viewed favorably. Duties may be assigned on a temporary basis as needed to meet the workload of the company. This position is expected to be motivated, assertive, accountable, and hold strong relationship building skills.

**Desired Knowledge, Skills and Abilities:**

- Knowledge and experience with AutoCAD/Civil 3D, Microstation
- Solid communication, interpersonal and organizational skills. Good command of English grammar and spelling. Ability to engage in formal and informal correspondence.
- Ability to prepare, interpret, and utilize plans, maps, specifications, special provisions, and reports.
- Ability to perform engineering calculations and to prepare engineering reports.
- Ability to use and maintain various engineering and survey tools and equipment.
- Access to reliable transportation.
- Working knowledge of MS Office suite
- Ability to prioritize, handle several projects at a time and be a “self-starter”
- Ability to occasionally work after business hours and/or weekends.
- Strong problem resolution skills
- Ability to work independently and efficiently with limited supervision.
- Ability to physically perform the essential job functions.
- General competencies expected of all employees are as follows: Client Service, Commitment, Communication, Innovation & Continuous Improvement, Professionalism, Versatility, Quality and Teamwork.

**Required Experience:**

Minimum of 2 years-experience of practical design experience in traffic engineering and/or roadway design.

**Education:**

Bachelor’s Degree in Civil Engineering

**Work Status:**

Full-time

**Travel:**

Position requires limited travel.
