

These engraved wooden coasters will be given to our Veteran Guests at the CVMA 18-3 Food Pantry on Constitution Day and at the openings in October and November in honor of their service to our country and its ideals.

The design and crafting was done by A neighborhood crafting group – **Caring Crafters** in support of the CVMA Pantry Mission to provide support and dignity to those who have served our country.

We thank the crafters for their generous donation and can't wait to see the smiles on the faces of the recipients.
