RE: Recommendation for Susan Sasiadek

Susan worked within my division for several years and I had an opportunity to observe first hand, her core competencies and her potential. She has evolved into one of the highest performing faculty members in the Forbes School of Business & Technology. She is dedicated, well respected by her colleagues, and an excellent example of the outstanding professionals within the Forbes School of Business & Technology faculty ranks.

Dr. Sasiadek currently serves as a full-time faculty member in the Masters of Business Administration degree program. She brings both significant business expertise and numerous years of teaching experience to play in her teaching, guidance, and mentorship of students. Her performance indicators are consistently high as are her proficiency ratings.

With all factors taken into consideration, I without reservation, recommend Dr. Sasiadek.

If you have further questions concerning this matter, please feel free to contact me directly.

Respectfully submitted,

*Ray Powers*
