"Our mission is to give an effective voice to the Christian community and empower individuals and organizations through our print, digital and online media."

THE FAMILY: Our focus is on the everyday life experience we all go through in our homes, the workplace, at school and just hanging out. We like to think we have something of interest for everyone, especially the hard working mom and dad trying to raise a family in today's culture.

THE CHURCH: We report timely articles and give exposure to churches, organizations and groups who currently do not have a voice in the community. We believe that Jesus Christ is reverent in all aspects of life: personal, family, social and business. We embrace all Christians to the widest extent possible without compromise. Our editorial policy is based on speaking the truth in love as given to us in the Word of God, and upholding the Constitution of the United States and its VALUES. Our editorial board reviews and approves all content for the print and online editions, and their decision is final.
