

# Fraser Valley DRUG CHECKING

*Mountainside Harm Reduction Society to release new Film!*

*Documentary Film to raise community awareness to the toxic drug supply crisis. To feature members of their team with lived and living experience to tell parts of their journey with substance use. Following the team at Mountainside as they experience and combat the Ebb & Flow of the toxic drug supply with their peer-led community satellite/mobile FTIR program.*

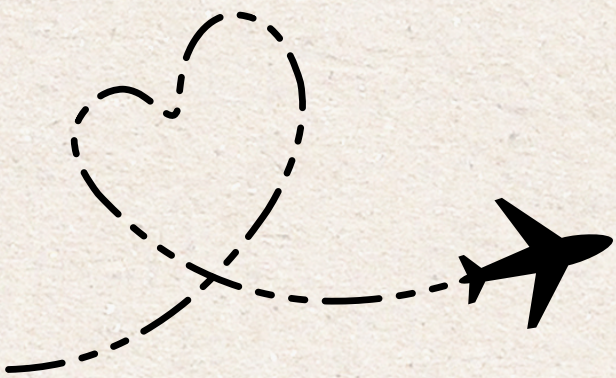

## TECHNOLOGY TODAY

*Three-tiered tech combo for point of service drug checking.*

*Tier 1: Immunoassay test strips  
Tier 2: FTIR Fourier Transform Infrared Spectrometry*

*Tier 3: Confirmatory testing done by UVICs Substance using paper-spray mass spectrometry and Health Canada's DAS program.*

**Mountainside Leadership Team/Duo to travel to Montreal, end of February**

**CONSERVATIVES PUT PRESSURE ON HARM REDUCTION PROGRAMMING**
