Please read the following information:

1. We do not advocate or encourage the use of controlled substances. We advocate for the reduction of harms associated with substance use, and for bodily autonomy to choose for oneself what to use.
- 2. We are not responsible for any harms or problems you may experience as a result of ingesting any substances.**
3. All drug testing results are offered in good faith, with no guarantees as to the accuracy of test results.
4. As a condition of receiving drug testing services, you agree not to sue anyone involved in Mountainside Harm Reduction Society's peer-led drug checking service, for any reason related to the testing of substances, including but not limited to any advice, information or test results given to you, or any harms from consumption of any drugs or substances tested for you.
5. By using our drug testing service, you agree that you have read and understand this agreement and consent to abide by its conditions. You also consent to us publishing the results of your test on our website.
