

# TASMANIAN BUILDING AND CONSTRUCTION CAREERS EXPO

**We are excited to invite you to the Tasmanian Building and Construction TAILGATE Careers Expo 2025.**

**This FREE event will be held over one day and is a great chance for students (and the public) to see and talk to industry peak bodies and businesses about a career in building and construction in a relaxed, friendly environment.**

This fantastic event is hosted by the Civil Contractors Federation Tasmania (CCFTas), and operates in collaboration with Tasmania's leading building and construction peak bodies and their members.

The participating peak bodies include: Air Conditioning and Mechanical, Australian Institute of Architects Tasmania, Brick and Block Careers, Civil Contractors Federation Tasmania, Engineers Australia - Tasmania, HIA Tasmania, Master Builders Tasmania (MBT), Master Plumbers Tasmania, NECA Education and Careers, NAWIC and Surveyors Australia.

It will feature a range of other building and construction related organisations, group training organisations, employment consultants, Jobs Hubs, plus business owners and employers from each sector.

**Thursday 31 July,  
9am - 5.30pm  
MAC 2, 18 Hunter  
Street, Hobart**

**For more info visit:  
TBACCE.COM.AU**

**This event is FREE**

## Bookings and questions

**If you are interested in exhibiting at our 2025 event, please complete the form on our website or alternatively, contact the team at [info@tbacce.com.au](mailto:info@tbacce.com.au) if you have any questions.**

## What to expect at the Tailgate Expo

The expo will display the many and varied building and construction careers, from on-site administration, design, project management to supervisor, management and construction roles.

Peak bodies and industry businesses will bring a trade vehicle into the expo space and display information in relation to their career from the back of their vehicle (known as a Tailgate Expo). Students will have a chance to ask questions of industry employees and experts about a career in the building and construction industry.

Equipment and machinery will be on display to spark conversation between students and industry employees and peak body representatives.

Each expo attendee will be given approximately 6m by 3m of space to park their trade vehicle and set up banners at the back of the vehicle. Brochures, flyers and promotional material can be made available from the tray of utes (or the back of a station wagon).
