- 1 Program Number
- 2 Horse Name, Sex, Age, Birth Month
- 3 Morning Line -ML favorite and 2nd are highlighted
- 4 Last Race data (*) Last Race Favorite, Last Class, Last Track Raced abbreviation, Last race Distance, Last Race Finish, Class change (+) Down, (-). Not identified if a \$ claim drop.
- 5 Sire - Pedigree for Distance & Surface, the lower the number the better. Purchase Price \$\$\$-\$750k+, \$\$-\$500k+, \$-\$250k+, Multiplier is Breeding Fee x Sold Price, OB is Owner Bred. This is helpful data when reviewing Maiden races.
- 6 Today's Jockey, if jockey was on multiple mounts in last race there will be a (+) to indicate their choice. A (-) indicates a jockey went off a horse for another, there is subjectivity to this as it may have been trainer/owner decision.
- 7 (J) is JOCKEY Rating, GREEN indicates a top jockey based on current year stats. Blank is Average and RED is below Average.
- 8 (JT) is JOCKEY/TRAINER COMBINATION stats based on YTD numbers. GREEN is above average, Blank is Average and RED is Below Average.
- 9 (T) Trainer stats YTD. GREEN is above Average, Blank is Average, RED is below average.
- 11 Trainer Name with today's track Meet Stats STARTS/WINS.
- 12 EP - EARLY PACE rating based on PaceSheets algorithims.
- 13 LP- LATE PACE based on PaceSheets algorithims.
- 14 TP - TOTAL PACE - One of the top PaceSheets Angles on finding the top contenders.
- 15 CLASS - Algorithim based on horses prior class and performance. The higher the number the better, used to identify gaps vs. the rest of the field.
- 16 1c AVG - Average of the first call (2-furlongs). Typically one of the top 2 horses go to the front.
- 17 PACE - Lowest time is the projected pace of the race based on last race results. Qualifiers based on projected pace of the race, prior race performances vs. similar pace, Minimum/Maximum and Best Speed Average. If one of the two indicators are met there will be a small (q), if both are met a capital (Q).
- 18 PAR - Based on the Par Speed of the speed needed to WIN today's race, horses that have run to Par speed prior are identified with a (P), horses that have run above Par are identified as (P+).
- 19 LR/D-Horses that are ranked TOP-3 in both LAST RACE & TODAY'S DISTANCE categories. This is another top angle that you will want to incorporate into your selections.
- 20 S W%/D- CAREER STARTS, WIN %, STARTS AT TODAY'S DISTANCE, WINS AT TODAY'S DISTANCE.
- 21 LRD - Number of days since last race.
- 22 Form & Works (Q) indicates that a horse is in form based on the data of prior race. Included the past (35) days of works, with days between works. A fast time for the distance is indicated with a (+), a (b) indicates that the work was a bullet.
- 23 SP - Top ranks of horses speed vs. the field.
- 24 DS - Top ranks of horses prior Distance vs. the field.
- 25 EP - Earnings Per Start, old school angle that just works.
- 26 A1 - ALGORythM #1, generated by a number of combinations of data that has been back tested. Stronger when the field has 3+ starts.
- 27 A2- ALGORythM #2, generated on a number of factors, stronger when there is a lack of data.
- 28 A3 - ALGORythM #3, generated by jockey, trainer, class, odds.
- 29 A4 - ALGORythM #4, complex formula utilizing prior race fractions, position, distance, etc.
- 30 V\$ - Projected Value based on today's Morning Line odds, prior performance, class, etc. Think of this rank as an indicator that a horse may 'OUTRUN THEIR ODDS'.
- 31 Rate 1-STAR (TOP RATINGS based on Ranks), 2-STAR - CONTENDER, 3-STAR - CONSIDER. Some races may have many or few contenders, races with more appear to be more contentious and demand more value.

*** TIPS**

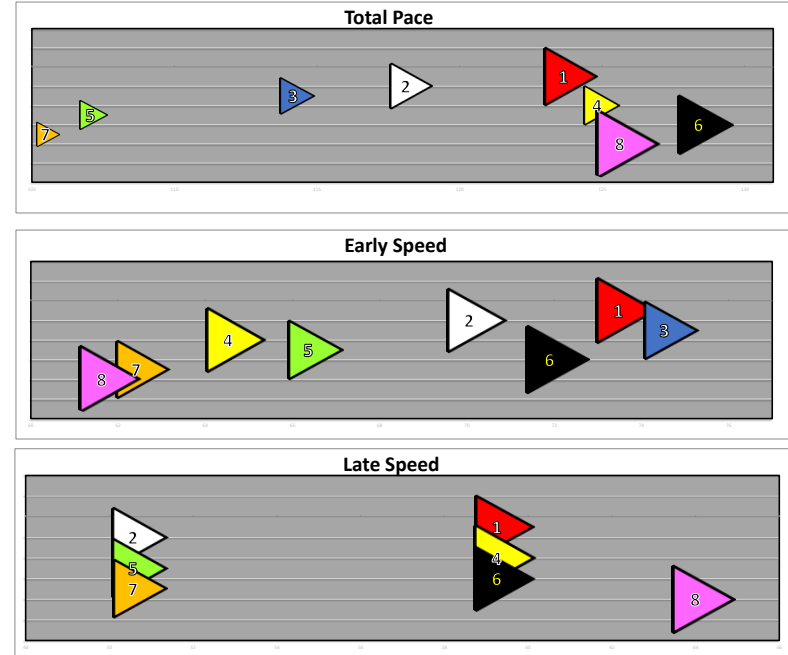

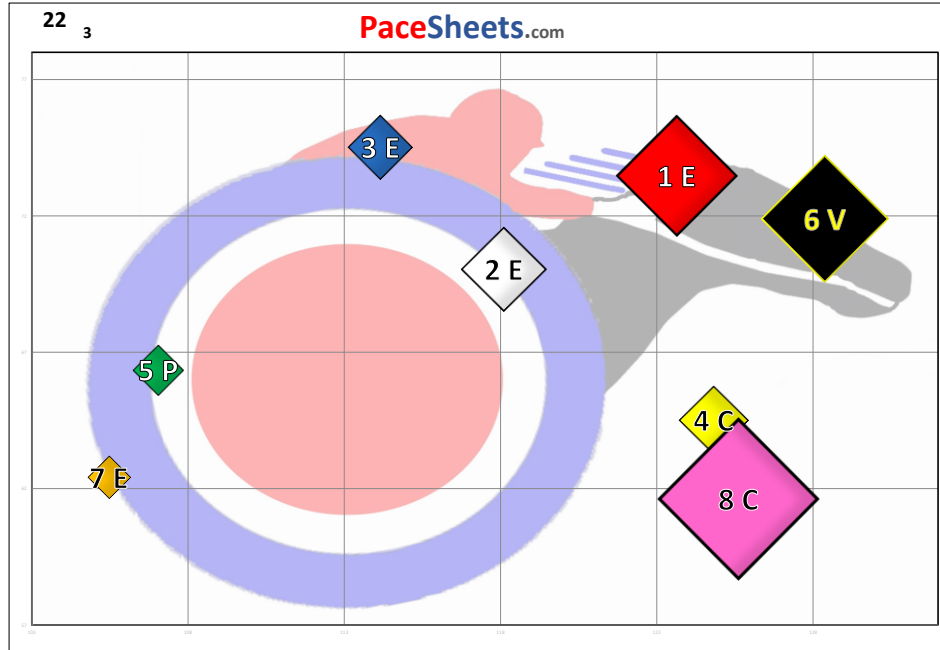

The review of the ranked data indicates horses that score #1 in multiple categories are to be considered. The Value line is helpful if you like a horse at a price, do the rankings also indicate this horse is a contender. Prefer top rank runners that offer value. This info is very helpful when playing in tourneys and contests. Nothing will replace traditional handicapping, the visuals are helpful when reviewing your selections to ensure the data indicates the horse is a contender based on form, speed, etc. Utilize the indicators to help when not only identifying positives but negatives. Example would be a horse off a long lay-off with a lack of or poor works. Remember this is a game, have fun but anything can happen in horse racing. We continue to work everyday to make the PaceSheets be the best handicapping product that it can be.
