- 1 Program Number
  - 2 Horse Name, Sex, Age, Birth Month
  - 3 Morning Line -ML favorite and 2nd are highlighted
  - 4 Horse Running Style E:Early, V:Versatile, can win leading and from off the pace, P: Presser, wins when pressing the pace, 2-3 lengths back, C:Closer back of the field runner that typically needs more pace to run into to get by front runners.
  - 5 Last Race data (\*) indicates Last Race Favorite, Last Class, Last Track Raced abbreviation, Last race Distance, Last Race Finish,(t): Trouble indicator in the comments line,Class change (+) Down, (-).
  - 6 Sire - Pedigree for Distance & Surface, the lower the number the better. Purchase Price \$\$\$-\$750k+, \$\$-\$500k+, \$-\$250k+, Multiplier is Breeding Fee x Sold Price, hB is HomeBred.  
This is helpful data when reviewing Maiden races, where there is not a lot of data available due to horses lack of experience.
  - 7 Changes - Medication; 1st Lasix (1L),Blinkers ON (B), Blinkers OFF (b), Route to Sprint (R2S), Sprint to Route (S2R),Turf to Dirt (T2D), Dirt to Turf (D2T).
  - 8 Today's Jockey, if jockey was on multiple mounts in last race there will be a (+) to indicate their choice. A (-) indicates a jockey went off a horse for another, there is subjectivity to this as it may have been trainer/owner decision.
  - 9 (J) is JOCKEY Rating, GREEN indicates a top jockey based on current year stats. Blank is Average and RED is below Average.
  - 10 (JT) is JOCKEY/TRAINER COMBINATION stats based on YTD numbers. GREEN is above average, Blank is Average and RED is Below Average.
  - 11 (T) Trainer stats YTD. GREEN is above Average, Blank is Average, RED is below average.  
\*\*When all (3) indicators are GREEN (J,J,T) that is another angle to strengthen your opinion of a runner.
  - 12 Trainer Name with today's track Meet Stats STARTS/WINS/WIN %.
  - 13 TP - TOTAL PACE - One of the top PaceSheets Angles on finding the top contenders.
  - 14 CLASS - Algorhythm based on horses prior class and performance. The higher the number the better, used to identify gaps vs. the rest of the field.
  - 15 1st Fraction - Average of the first call times for the runner (2-furlongs). Typically one of the top 2 horses go to the front to lead at the 1st call. Also consider pace style when reviewing.
  - 16 2nd Fraction Qualifier Time if runner was identified as being competitive competitive last race. Review the field looking for the lowest fraction time.  
Qualifiers noted, (q) has won a race using the lowest time in field, or Avg 2f time is competitive vs. the projected pace of the race. A capital (Q) identified that runner meets both criteria.
  - 17 PAR - Based on the Par Speed of the speed needed to WIN today's race, horses that have run to Par speed prior are identified with a (P), horses that have run above Par are identified as (P+).  
The Par "P" can vbe especially helpful in Maiden races where prior starters have not achieved Par, consider a 1st time starter.
  - 18 LR/D-Horses that are ranked TOP-3 in both LAST RACE & TODAY'S DISTANCE categories. This is another top angle that you will want to incorporate into your selections.
  - 19 PACE MAKES THE RACE - (#) is horse's comfort zone on how many lengths they need to be at 2nd call proven to win. This is helpful when identifying a pace with many front runners, asking for more odds on horses from off the pace.  
Qualifiers taken into account (ex: ITM runners, class, changes, last race race shape, etc.)
  - 20 S W%/D- CAREER STARTS, WIN %, STARTS AT TODAY'S DISTANCE, WINS AT TODAY'S DISTANCE. Very good angle to not only view runners who have won at distance before but runners that have failed multiple times.
  - 21 LRD - Number of days since last race.
  - 22 First # indicated the cycle of the runner (L2): 2nd off a layoff, (L3) 3rd off a layoff, 2c (2nd career start), all indicators of potential improvement from the last race. Included is the last (3) works, with days between works. A fast time for the distance is indicated with a (+), a (b) indicates that the work was a bullet. Included last 3-works with days to identify work patterns by trainer, potential improvement in the horse.
  - 23 SPd - Hybrid number based on horses Speed, Speed at Distance, Success at Distance. The lower the better.
  - 26 EP - Earnings Per Start, old school angle that just works.
  - 24 A1 - ALGORYTHM #1, generated by a large number of traditional handicapping data. Identifying top A1 horses at better odds are good bets.
  - 25 A2- ALGORYTHM #2, generated on a number of hasndicapping factors, stronger when there is a lack of data.
  - 29 A3 - ALGORYTHM #3, generated by jockey, trainer, class, odds.
  - 26 A3 - ALGORYTHM #3, complex formula utilizing prior race fractions, position, distance, etc.
  - 27 V\$ - Projected Value based on today's Morning Line odds, prior performance, class, etc. Think of this rank as an indicator that a horse may 'OUTRUN THEIR ODDS'.
  - 28 Ranking system devised to compare the field amongst each other based on key attributes. (see below)
- ★ Top-Ranked runners, consider for winning horses, horizontal tickets.
  - ★ Legitimate Contender, consider
  - ★ Contender, consider at longer odds and vertical bets.

**\* TIPS**

The review of the ranked data indicates horses that score #1 in multiple categories are to be considered.  
 The Value line is helpful if you like a horse at a price. Ask yourself, Do the rankings also indicate this horse is a contender? Prefer higher ranked runners that offer value.  
 This info is very helpful when playing in tourneys and contests.  
 Nothing will replace traditional handicapping, the visuals are helpful when reviewing your selections to ensure the data indicates the horse is a contender based on form, speed, etc.  
 Utilize the indicators to help when not only identifying positives but negatives. Example would be a horse off a long lay-off with a lack of or poor works.  
 Remember this is a game, have fun but anything can happen in horse racing. We continue to work everyday to make the PaceSheets be the best handicapping product that it can be.
