- Holiday Lights & Decorations – Season is over ☹️
- Approved Trash Cans Available for Order

January 2022

River's Edge @ Delanco

Board of Directors 2022

Open Meeting Schedule

As of now, for the safety of our community we are continuing to have the open meeting via Zoom. Hopefully this can change soon but until further notice please look for the Zoom link either on our website or email riversedgedelanco@verizon.net and we will send it to you.

All meetings will be open to the residents at 7:30pm

March 17th
June 16th
September 15th
November 17th

Listen no one loves their dog as much as I do, and I agree there are somethings that come with dog parenthood that aren't so fun, especially picking up their poop. However we need to do it for our furbabies safety as well as our neighbors. In the past few months we have noted an abundance, worse then we have seen in years, of dog feces throughout the community. It's completely unacceptable as the association (you) provide dog stations with bags every few feet along our walkways so you can pick it up, but the association (you) pay to have these trash cans dumped twice a week if they are being used or not. Thankfully there are some responsible pet parents in the community that pick up and use them, but I am speaking to the other ones who don't and need to help keep the community healthy and safe.

If you see your neighbor not picking up and just leaving the mess on the walkway or lawn, please reach out to management so we can try to get this under control before our kids, 4 legged & not are out and about with the warm weather. We will keep you anyomous, I promise.

Holiday Lights-

I know the holiday season seemed to fly by this year, hopefully everyone made it through somewhat safe and healthy and now it's time for 2022 to get started. That being said, it's time to take down your Holiday Lights. We will be starting up our walkthroughs again the first week in February so please make sure your lights are down by then or you will be fined.

Trash Cans –

We have put the information regarding the new trash cans that are permitted to be stored outside your garage on our website – www.riversedgedelanco.com. They can be ordered through our management company for \$35 (1/2 price), if you would like to have an approved toter to store outside your garage, please contact us at riversedgedelanco@verizon.net otherwise if we see trash outside your home not in a toter you will be fined
