- **About The Product/Technology. A Pure science of Sound Healing.**

There is a lot of electromagnetic 'pollution' from signal transmissions in modern times that can degrade a system's performance. In Present time our environment is full of EM pollution and radio waves all around us. We can say that we are immersed in the sea of radio waves. All kind of radiations including WIFI signals, police wireless signals, cell phone tower signals, etc. This will Affect our Biological system and cellular system as well as our DNA.

Electro smog is a constant in our lives today and the advancement of technologies will increasingly intensify this effect. The solution is not complete disconnection: The solution is innovation in a single concept: Bio wave Resonator to get protection of our biological system.

Based on our state-of-the-art technology & years of research in Tesla waves Bio wave Scalar Resonator is a non-invasive tool that supports the body's innate ability to heal. The scalar generator counteracts and attenuates the negative effects of electromagnetic pollution on our body. When placed in a space, it works to create an environment where the body and brain are able to regenerate and balance its energy. Being within a scalar energy field will help put the body back into balance, which is key for our well-being.

With the technology-based lifestyle we are now living, working and sleeping in an environment which may not be the most conducive for our health due to the hidden dangers of electromagnetic waves and the biological stress it causes. Healing often comes in the form of medication and although this does work on the symptoms that affect us, it is not a holistic approach as it does not address the root of disease and how much brainwave imbalance causes many illnesses which does not allow the body to relax and move into a rested state. A major reason why individuals face mental illness is due to overuse of the beta brainwave, not allowing the body and brain to relax into a rested state & stays in alpha state.

Scalar emissions allow us to address these ailments without medication or therapy, by creating a support structure in our environment with a harmonic healing resonance causing the body to fall back to the alpha range which passively heals both the body and brain. At home, Bio wave Scalar Resonator is best kept by your bedside during sleep, the brain inadvertently will move to the alpha, theta and delta brain wave which induces deep rest and human growth hormones are released.

Biowave Harmonic V1 Created from years of work in the field of frequency patterns with the unique Ultra-low frequency emitter with its Omnidirectional nature emit from the device All around. Preliminary research findings by Dr.Glen in USA which indicate that scalar fields enhance the immune system, as measured by increased DNA synthesis in lymphocytes.

- **Benefits of the Harmonix V1 Resonator.**

THE BENEFITS OF SCIENTIFICALLY TESTED PROTECTION

- Generate Schumann Resonance+ additional frequency which has positive effects on human's brain wave.
- Relax body and mind to help sleep / Helps in self-hypnosis / improve working efficiency.
- Improvement of sleep and greater well-being through the stabilization of circadian rhythms (Cherry 2002)
- longer using time have more obvious effects.
- Stimulation of General Health Improvement.
- Calms the mind thus reducing anxiety.
- Biological protection from Harmful Electromagnetic waves.
- normalization of blood pressure (Mitsutake et al. 2005);
- improvement of memory performance through stimulation of the hippocampus (O'Keefe & Nadel 1978);
- improvement of mental performance, specifically attention, concentration and creative abilities, through the synchronization of neuronal rhythms (Rutishauser et al. 2010, Mulligan & Persinger 2012);
- bone structure development through osteoblast stimulation (Aaron & Ciombor 1996);
- It will also improve the healing effect of Singing bowl & Sound pipe used by Sound therapist.

- **Additional usage.**

- **Improve the Audio Signature of music system.**

Bio-wave Resonator also works on your Home Audio System. Because it reduces the noise in the room it will also improve your Sound Quality of Home theater & Music Systems. Try to listen your favorite music and try to listen same music with bio wave resonator placed at 5Ft height in the room above speaker.

- **Improve Car Performance & Milage.**

The device runs on 5V. With Our 5V Power cable fits well into car 5V USB Supply. Since most of the Car Nowadays comes with chip that manage the car performances and algorithm. Because of many electro smog around the car as well as cell phone radiation in car it will impact the chip performances because of the electro noise. Bio-wave resonator will reduce this noise in car and provide the field where all the information can process smoothly by the chip thus it improve car performances as well as music in car and off course people sitting inside the car get all advantages. Thanks to our unique QUF & QIFIT technology. It will best work in modern cars with chip.

- **Quantum Programming inside.**

Our unique quantum information filed Infuse technology (QIFIT) is Inside the device. The emitter sends frequency with quantum information of general wellbeing. This will reduce the noise at maximum level the quantum information will travel with frequency as carrier and will help to enhance the overall biological effect.

- **QUF Technology (Quantum unified field)**

Our proprietary unique serpent antenna that replicates our DNA shape and kundalini shape while emitting the frequency creating a unique resonance pattern along with virtual pyramid resonance effects.

- **Using Crystals & Pyramid with device.**

To enhance the effect of the Device user can place Pyramid or Crystals or orgonite on top of the device to maximize the effect.

- **How to turn on the unit.**

-The Device is completely non-contact. Simple Plug And Play.

-Connect to power supply with the Supplied usb cable.

-There is No On/Off Switch to increase the life of device. Once plugged in it will start. The led light in the device indicate that unit is working. The device Just needs power supply

- **Placement of Device.**

This is very important. To get desire effect please read this point carefully.

Location of placement of the device anywhere in the room. Install the main unit in the highest position (1m 50 cm) or Five feet or more above from the floor. You can also place next to bed. The effect will be weaker at low positions, so be sure to secure only the height. It doesn't matter where you are if you can secure the height.

Note: User are free to find the sweet spot (Must follow the placement of device on height as per instructions above)by changing the location in room. Each room is unique so find your sweet spot. Place at different position and observe which one is best for you.

- **Caution.**

Do not place near to magnets and near to cell phones. Please do not dismantle the device or force to open the device without the permission from manufacturer by doing so will lost the warranty and damages the internal circuit and might reduce the effects. Don't leave it in high temperature, high humidity, and direct sunlight. Do not place where it has lot of dusts. If you are not using it for a long time please unplug the device.
