January was a full month. We recruited at the Upperroom’s EOY Conference, had expedition leader training, Overland Mission’s Conference / Staff Retreat, and songwriting intensive.

Overland Mission’s Conference

Funding Update for our Angola Team

Pray with us for our team as they continue to fundraise for their expedition. Pray that they are encouraged, filled with boldness to ask, and see God’s worthiness in the process even when it’s uncomfortable. Almost everyone has hit their first goal of 25% of the total cost!

What's Next?

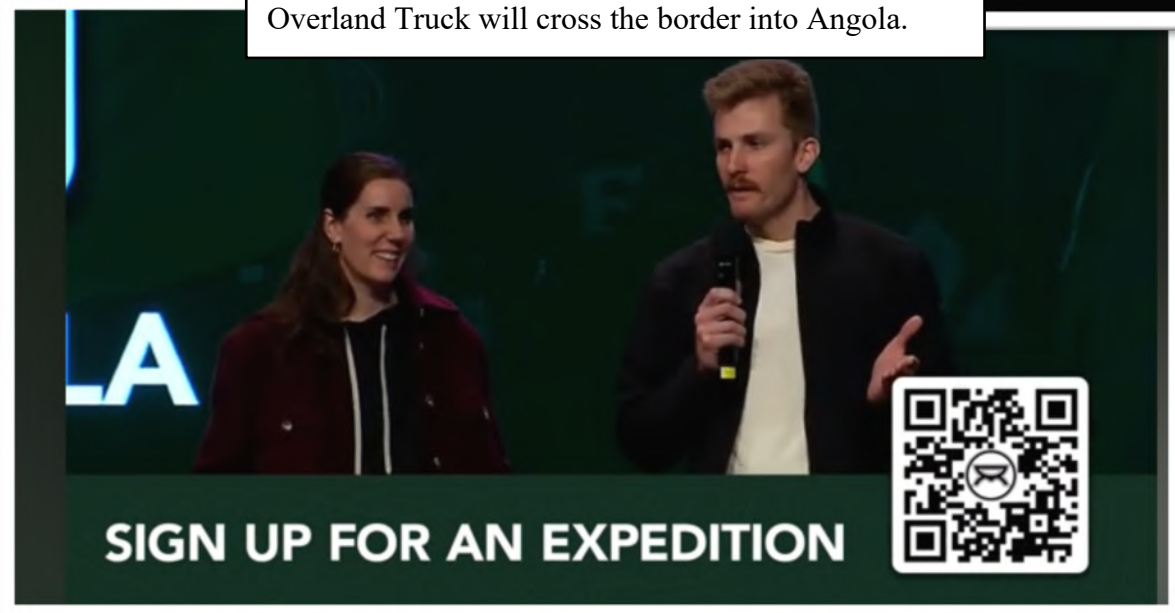

February we will spend a few weeks fundraising then begin our international reconnaissance trips.

Pray with us as we are believing for new fundraising connections! We are fundraising additional monthly support towards our ministry fund as the Lord continues to grow and expand what he is calling us to. The finances serve to create velocity in the ministry opportunities the Lord provides.

We believe that as God expands our capacity for ministry he will also expand and deepen our team that supports us.

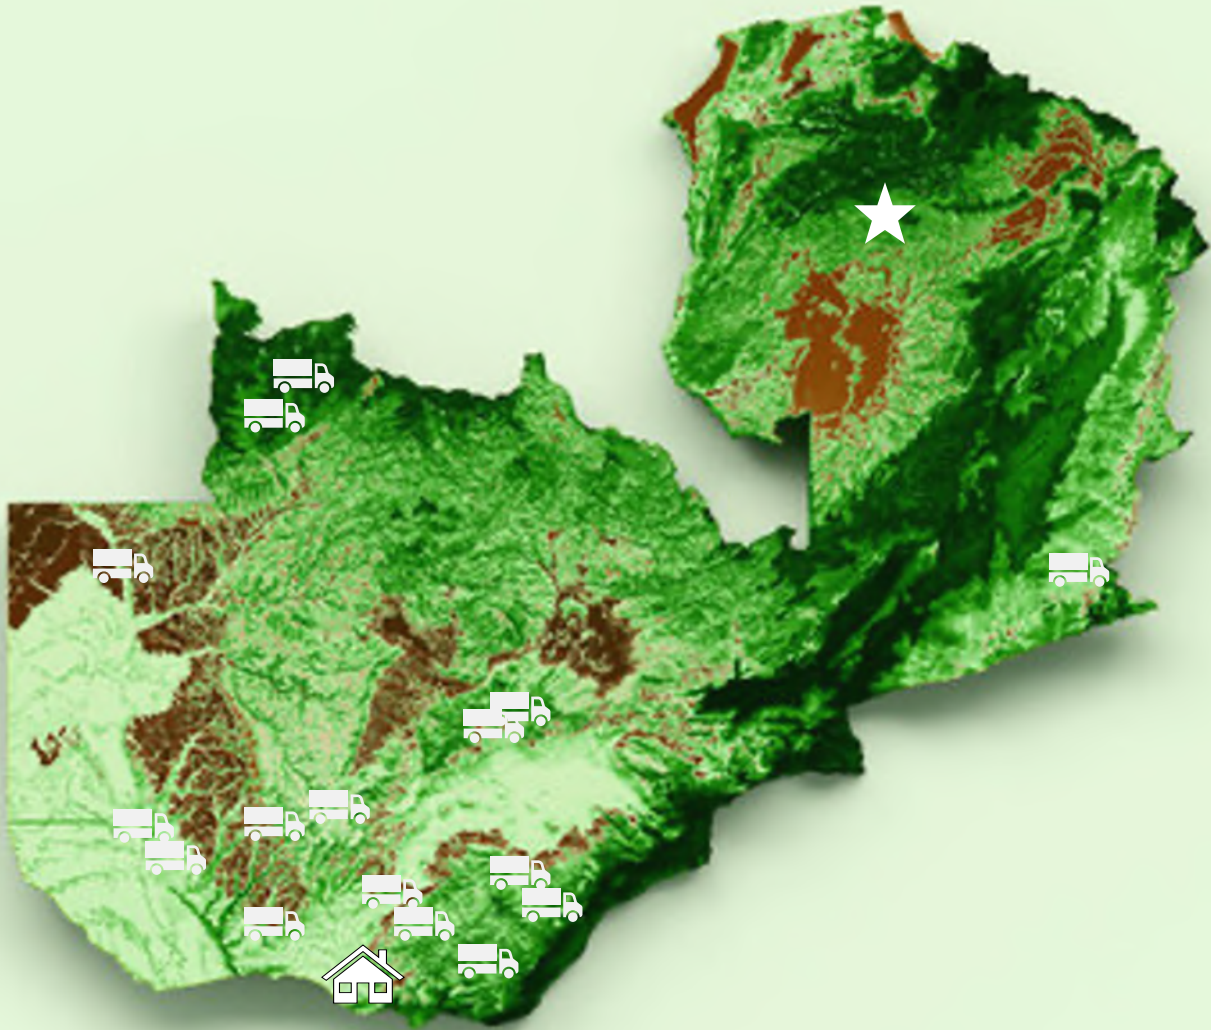

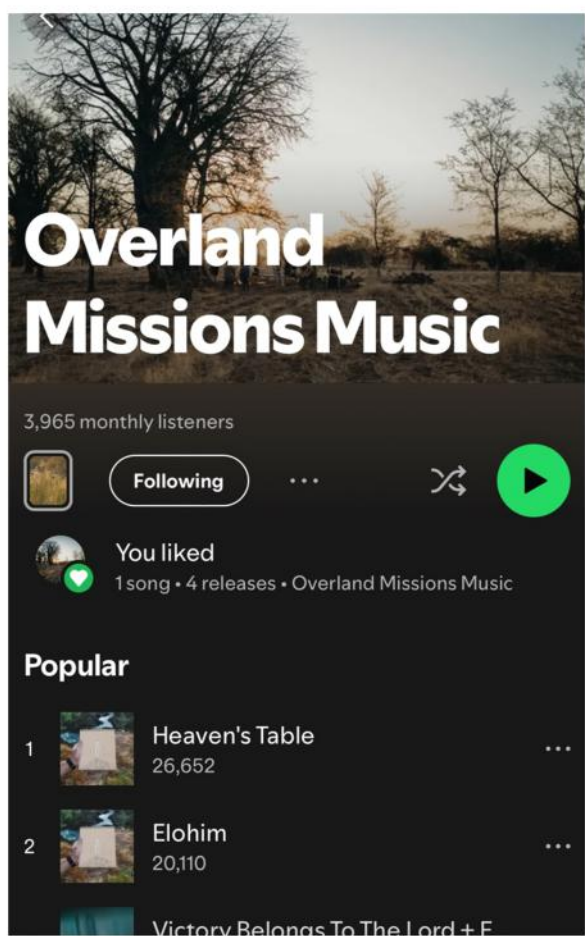

Sharing about our trip to Angola at the Overland Mission's Conference. This will be the first time an Overland Truck will cross the border into Angola.

Zambia Expeditions 2025

This week we are finalizing the locations of our 16 Zambia expeditions. The truck icons show where each expedition will be. The home icon is our Rapid 14 Base and where our house is located. The Star is the Northern Province- as a team we are starting to bring people into this province, pray with us for more laborers to pioneer this region of Zambia.

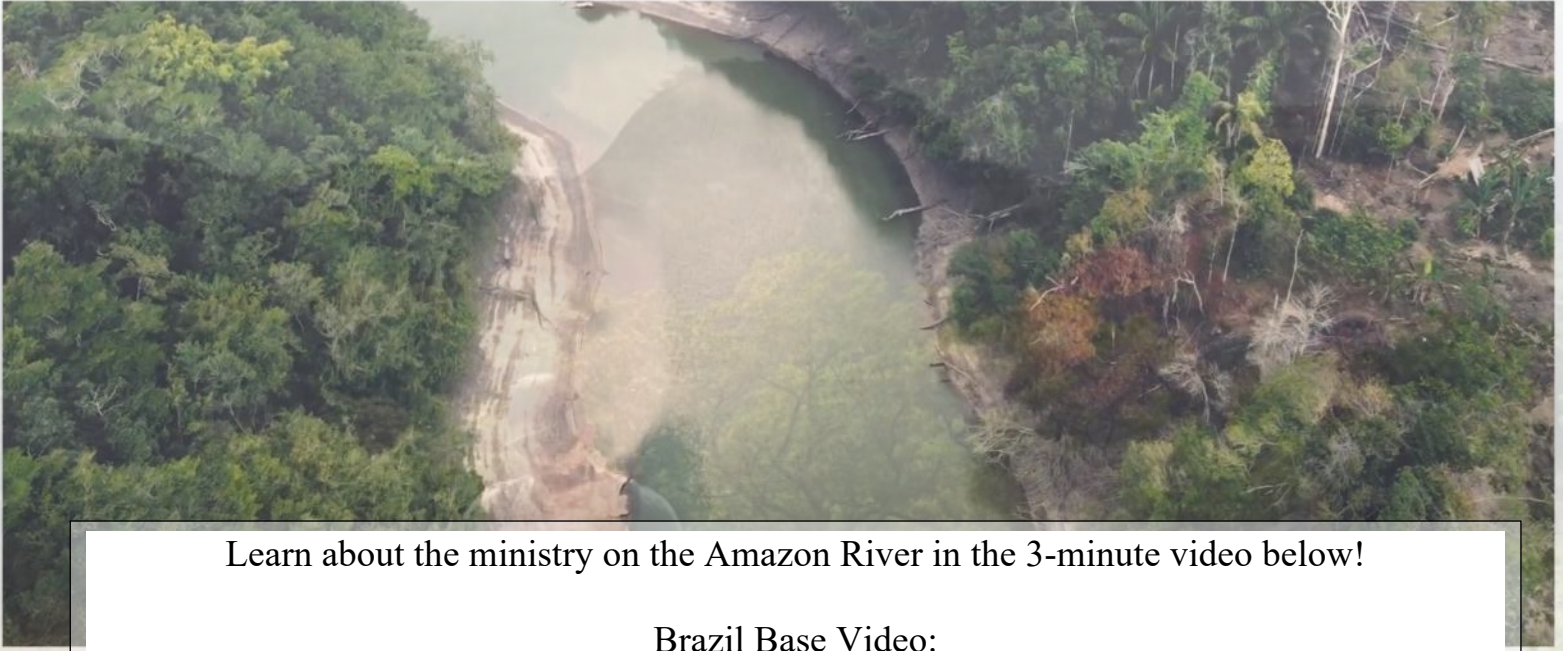

Songwriting Intensive

You can listen to Overland Mission's worship on any of your streaming platforms!

Overland Globally

We love our team so much. We are growing exponentially and as a team we are continuing to be faithful to the growth and to remain true to who we are in every country, location, and expression of ministry. Our AMT program (where we train potential full-time missionaries) has grown. When Trent and I did Amt we had a 19-person class. Now the classes are almost always 50+ people.

Our Cambodia and Brazil sectors are expanding and they are building bases for the team to live and launch from. This past month around \$300,000 was given to fund the building of these bases!

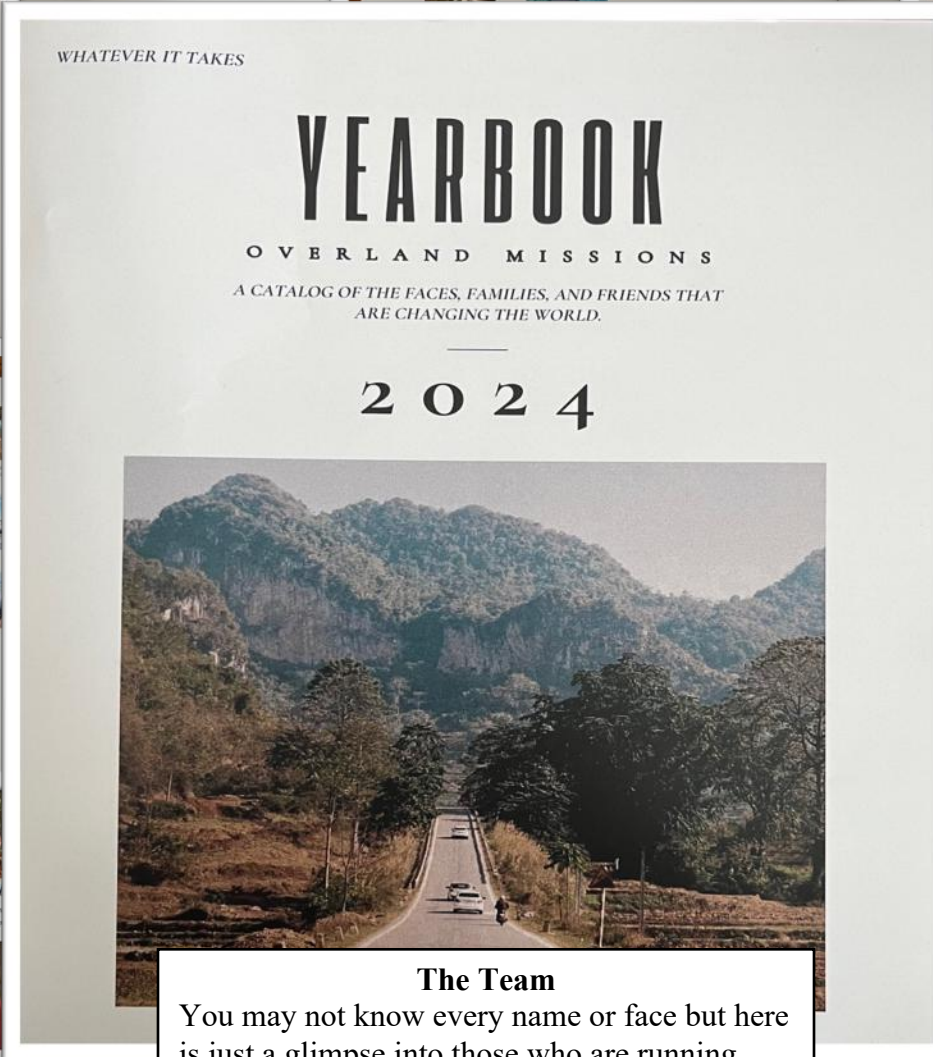

Learn about the ministry on the Amazon River in the 3-minute video below!

The Team
 You may not know every name or face but here is just a glimpse into those who are running alongside of us in reaching every tribe, nation, and tongue with the Gospel of Jesus Christ.

Ordination

Trent and I received our official ordination with Overland Missions!

Thank you for your continued prayers and support!
