

# Elementary Choir

Starting with Grade 2 school children, up to Grade 6, students will build confidence in singing. We will learn basic breathing and in tune singing. Students will be taught how to look at a score, and start basic sight singing. Most of all we will enjoy wonderful music drawn from hymns, folk songs and art music. Depending on the skill of the singers we can move into simple part work using rounds, descants or drones. Parents may view the lyrics before joining the choir. There will be a concert with other performers from the conservatory at the end of the term.

## **Songs for Winter session**

### Canons:

Old Abram Brown by Benjamin Britten

A Cuckoo and An Owl

Dona Nobis Pacem
