Get Set Up for Online Piano Lessons in

4 EASY STEPS

Step 1. CHECK YOUR INTERNET CONNECTION
Head over to speedtest.net and do a speedtest. If your speed is less than 15 Mbps per second upload or download then you'll need to contact your internet provider and upgrade your internet.

Step 2. SET UP YOUR DEVICE
Choose your device for learning online and position it so your teacher can see the full keyboard and your seating position. Avoid smartphones if possible.

Step 3. SET UP YOUR SOUND
Increase the input volume on your internal microphone. Reduce all other noise in the home.

Step 4. CONNECT WITH YOUR TEACHER
Use the link provided to you by your teacher to connect with them in video calling software. Arrive on time with lesson materials ready.
