All Star cheer helps athletes acquire valuable skills and develop friendships that will later serve them in all facets of life. Below are a few of the programming and disciplines offered by our programs from being a USASF partner.

Life-long Friendships

Working as a team toward a common goal creates bonds that are strengthened with each practice, performance, and competition. All-Star provides athletes the opportunity to engage with other athletes while developing their skills and deepening their experience in cheer and dance. Our athletes develop a sense of camaraderie and community, allowing them to nurture strong relationships that last a lifetime.

Respect

All-Star doesn't just teach the fundamentals of cheer or dance, it also instills respect for oneself and others. Athletes learn to respect their coaches who guide them and to follow rules that ensure practices and competitions are fair and safe. They also learn good sportsmanship and the importance of treating their opponents respectfully, win or lose.

Self-confidence

Athletes develop self-confidence the more they learn about themselves and their abilities. All-Star helps each athlete discover and express his or her inner artistry and strength through the joy of cheer and dance.

Leadership Skills

Through All-Star, athletes learn about responsibility as they recognize the vital roles they each play on their team. They learn that leadership is more than being the best or on top — it's about being accountable for their actions and role models for sportsmanship.

Time Management

Through All-Star, athletes learn about time management, commitment, and discipline. Teammates often encourage each other on and off the floor, helping one another keep track of schedules and academic responsibilities.

Physical Fitness

All-Star's fun and unique source of exercise develops a discipline that promotes healthy living. Through cheer and dance, athletes build stamina, strength, endurance, and coordination.

ALL ATHLETES: Attendance Policy

Cheerleading is a team sport that requires all athletes to be present to have an effective and productive practice. Practice is essential to do well in competitions as well as for the safety of the athletes.

All team practices are mandatory. We offer a “relaxed” schedule over the summer. During the summer practices, we will be focused on skill-building and sequences as well as starting choreography. Missing summer practices will be allowed for vacations or other events with advance notice.

Once the Season starts on September 2, 2025, practices will become mandatory. We will hold a parent/athlete meeting in August to discuss the competition schedule, dates, and more expectations for the year.

In-season practices will require an ABSENT FORM to be filled out 2-weeks PRIOR to the missed practice. If this is not completed, the family will be charged \$25 per missed practice. This policy excludes sickness if communicated well in advance of practice starting and may require a doctor's note (based on the coaches' discretion).

Additional Costs

ALL monthly tuitions are auto-drafted from the card on file in JackRabbit on the 1st of each month. Declined payments will need to be paid in full by the 5th day of the month. If payment is not received, the athlete may not participate in tumble classes or private lessons until paid in full.
