

# Come together, keep together and work together

Dear Residents:

The goal is to have the entire complex clean before Christmas time, in this regards we need your help as without a sense of caring , there can be no sense of having clean and safe environment. Please look at your area and consider cleaning points below before November 30. Thank you.

- All household goods and items, bicycles, toys under and on the stairway as well as emergency stairwell must be taken out.
- All garbage, unused vase, toys, and broken items in common area and back side of the buildings must be taken out.
- All interior plants which are encroaching or leaning over the fence must be trimmed.
- All back court yard of the first floor condominiums need to be organized and cleaned. All of us deserve to have a good image.
- All hanging out household items, bicycles from balcony must be taken out.

The CGT management hope with teamwork and individual contribution, there would be no need to notice to one who resists change after November27.

Regards,

Management
