Membership Application

The Navy League of the United States was established in 1902 to support the Sea Services: Navy Marine Corps, Coast Guard, Military Sealift Command and the Merchant Marine. Local Councils were later established to provide a means to support the Sea Services at the local level. The Richmond, Virginia Council was established in 1958.

National Navy League membership includes: Subscription to *Seapower* magazine, opportunities to support the sea services, invitations to local events and ship commissionings, ability to join national committees to make policy changes and impact legislation, member-only discounts with more than 20 companies and relevant and timely news and information. Prior military service is not a membership requirement and active-duty service members are eligible to join.

The Richmond Council Navy League adopts ships and shore commands, sponsors ship and base tours, rewards and honors sea service personnel, hosts sea service luncheons and celebrations with speakers, supports the American Division Sea Cadets and nine Junior Reserve Officer Training Corps in Richmond area high schools, publishes the *Lucky Bug* monthly newsletter, sponsors an Annual Golf Fund Raiser Event and mails care packages to deployed sea service members.
