How We Can Help

Annual Election Period for Medicare (AEP)

We'll help you make the most comprehensive coverage choices for your needs every year during the annual Medicare open enrollment period, saving you time and money. Last year our clients saved on average more than \$1,300 when making elections for their 2019 coverage.

Medical claims processing and billing resolution

Send us your medical bills and Explanation of Benefits (EOBs), and we'll take care of the rest! We'll review all of your claims and bills, ensuring they are accurate and appropriately processed and that you're not overpaying for your services.

Household Money Management

As a member of the American Association of Daily Money Managers, our specialist can help pay monthly bills, review credit card statements, manage reimbursements, set up a budget, track income and expenses, and more. Let us bring peace of mind to your personal finances!

Transition from group insurance coverage to Medicare

Retiring? Turning 65? We'll help you transition from group coverage to Medicare during the Initial Enrollment Period or a Special Enrollment Period. As a Medicare beneficiary, your healthcare benefits are unique to you, and we'll help determine which plan options fit your needs.

Working with Estates and Guardianships

We are a trusted resource for attorneys, accountants, and trust departments in processing medical paperwork for estates and guardianships. We'll help finalize unresolved claims to ensure estates are closed properly and distributions can be made.
