

In the dark and cold of winter, in
a world that is not always kind,
many people are searching
for hope and for light.
This holiday season, the
light of this lantern reminds us
that there is hope and
we are loved.

We Rise offered little lanterns and “tiny trees of hope” for sale at Gifts That Give Hope alternative gift fair in November. We invite you, too, to join in the hope-filled work of We Rise with a donation this Christmas season.

We Rise provides:

- Free mental health support groups in Spanish / bilingual
- Mental health and substance abuse education for faith and community leaders available in person and online with a nationwide reach
- Resources in Spanish and English, for youth and adults
