

**FEATURES**
**DV62T**

- ◆ Touch screen Display.
- ◆ Memory upto 30 sets.
- ◆ Temperature Monitoring.
- ◆ Automatic Detection.
- ◆ Selectable Speed.
- ◆ Date & Time.
- ◆ Product Name Input.
- ◆ Optional Accessory - Low Viscosity Adaptor (0 Spindle).

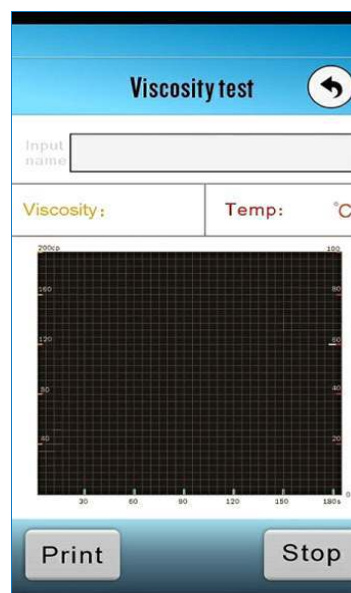

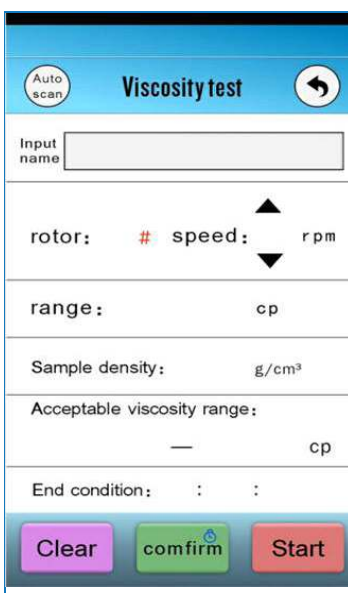

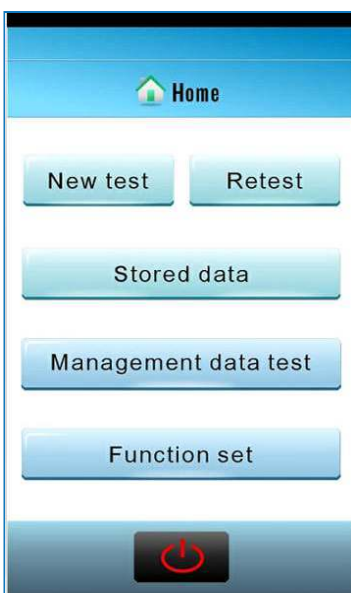

**SPECIFICATIONS**
**HSN : 90278910**

| PRODUCT NAME                 | DIGITAL VISCOMETER                                            |
|------------------------------|---------------------------------------------------------------|
| MODEL                        | DV62T                                                         |
| Display                      | Touch screen                                                  |
| Measuring range              | 50-20,00,000 mPas                                             |
| Measuring Accuracy           | ±2% (Newtonian liquid)                                        |
| No of speed                  | 8 Speed Option ( 0.3, 0.6, 1.5, 3, 6, 12, 30, 60 rpm )        |
| Ambient Temperature          | 10°C to 50°C                                                  |
| No of Spindle(rotor)         | 4                                                             |
| Zero (0) Spindle(rotor)      | Optional 0 Spindle (or 1 to 50mPas)                           |
| Interface                    | RS232C                                                        |
| Memory                       | 30 sets                                                       |
| Date & Time                  | Yes                                                           |
| Single Measurement Auto Stop | Afer measurement result is stable, spindle stop automatically |
| Power supply                 | AC 220V/50Hz                                                  |
| Dimension (LxWxH) & Weight   | 475 × 200 × 375 mm & 6.8 kg                                   |

### VISCOMETER - TOUCH SCREEN VIEW

DV62T

The Stored data screen has a blue header with 'Stored data' and a refresh icon. It displays a list of 10 rows, each with a 'name' label and an empty input field. At the bottom is a blue button with a right-pointing arrow.
