To whom it may concern at the field office, there in St. Francis, Wisconsin; of this Government agency. That was designed to serve and protect the tax paying, public of this Country.

I have been corresponding with this office for quite a while; in regard to a matter that is evidently not as serious a threat to the national security of this Country ... as apparently I am. As the continued harassment of what I alleged was White terrorism aka gang stalking has not only continued, but has broadened the scope of it's previous scale To evolve into what would seem to be whatever I complain to this field office about ... or atleast that's my perception. Because, as you know from previous correspondences, that I allege that the continued harassment tactics being utilized at the apartment complex; where I live in Milwaukee ... you know where, lol. Have taken on not only the complicity of every management, official whom comes there, but the Chief of public safety of the housing Authority: Chief Moore To the Milwaukee, police department, as a DPR officer; in the community liason division, that I was coordinating some kind of repore with ... for the purpose of addressing this matter from a Federal level. Abruptly stopped aiding me in getting to the bottom of this issue, which isn't at all a surprise to me. However, the fact that I learned that this particular DPR officer, used to work for Chief Moore; at the office of public safety of the Housing Authority of the City of Milwaukee Not to mention, that I allege that Chief Flynn; of the Milwaukee, Police Department, opted not to do a promotional video that I offered to do with his officers. Whom performed a text book, version of a pat down, that enabled them to take a gun of of me ... a felon, without incident. As I allege that it was because the police report listed the proof that I had a web site at the time, that was dedicated to address the gang stalking, issue that I had: regarding former military sargent, of Milwaukee, Wisconsin: Jeffrey Mack. Which I allege, is also covertly behind the briefing of co-drivers that I encounter; in my job as a over the road, trucker, as well as neighbors in my housing complex In what would appear to be, the promotion of some kind of propaganda that shows the actions of someone unstable ... but not the stimulus used to allegedly 1pg

manufacture this profile. Because, it would appear that with the assigning of Ben Carson over HUD, which runs the complex I live in; that the sargent has gained an ally; in his activities to keep this alleged conspiracy going. As also allege that Black Republicans welcome the opportunity to operate in a covert capacity; in what these dillusional souls feel are in the capacity of National security ... as I am allegedly a terrorist threatening the security of a Country I've been trying to get aid from for about 10 years.

Sufice to say, that I am very impressed: in what would seem to be their dedication, to fill a void that few would dare to flirt with ... for some obvious, and some not so obvious, reasons. As the predictable approaches being taken, to further exploit the effectiveness of what I consider a NOW defunct, tactical arsenal of manipulative tools are somewhat comical to me Because I am much to sensible to believe in the prolific skills of a career control, freak /idiot with the resources or intelligence to perpetraite and avoid prosecution for some of the aggregous, felonious acts, that I allege have been perpetrated against myself ... without the apparent aid of those turning a blind eye to their actions. When the average Black man, can get indited for snatching a purse based upon the testimony of what someone seen in the dark ... and get a 20 year, sentence.

However, it would seem as though this is far from the most pathetic aspect, of what I see as a travesty of justice being condoned for the purpose of promoting propaganda. As the deliberately planted seeds, that I plant within the confines of my apartment with ended, conversation. Have continued to materialize or dematerialize, dependent upon the context that I use to plant the seeds with for so long that they are pathetically predictability As I imagine, that lack of professionalism with which they are perpetrated, tends to disprove any professional involvement lol While those involved desperately search for something else to blame, for the lack of integrity of the officials that I allege are responsible for the very poor, judgement being exhibited by someone making
2pg

millions of dollars of tax payer, money Needless to say, that I know that you're agency has put it's best foot forward in getting to the bottom, of something that is obviously bottomless (smile) ... and I don't expect anything to come of this

correspondence. Although, I feel that it is important to keep the lines of communication open. Thanks, sincerely Michael Chambers p.o. box 06481 milw, Wis 53206.
