

Below is the **AMA Hall of Fame Museum Road Trip** weekend details so that you can make reservations. Please follow the directions below carefully. We are staying at TWO hotels. One Friday night and a separate one Saturday night. So you need to make reservations for both hotels for a one night stay at each one.

If you call during normal business hours it will be easier to make the reservations since I have spoken with a couple of the daytime staff at each hotel.

If you plan to attend this road trip, please make your reservation ASAP since there are a limited number of rooms being held and prices will go up the closer to summer we get. Also, please let me know if you have problems making reservations.

Thank you,
Derek
