1. Good News...

In scanning online news sources, vaccine mandates in many areas have been suspended. It is important that before making a health decision for you and your family, that you check your local area for mandate status.

>> Pray and be active in local peaceful protests along with phone calls/emails to your local elected officials regarding vaccine mandates. Be the voice our elected officials need to hear!

2.

This is a link from Frankspeech.com that empowers every loyal Patriot who wants to support Election Integrity. This link makes supporting the time and energy behind the compiling of the Election Complaint to the United States Supreme Court easy for anyone.

It's the right thing to do.

As of November 23, MyPillow CEO Mike Lindell announced that multiple state attorneys general will bring an election fraud lawsuit before the United States Supreme Court soon.

Click on the link, put in the state of Ohio, build email. It comes up with AG Yost email along with a short email already written. "Open email", hit send. If you have already contacted your State Attorneys General (Ohio AG - Dave Yost), PASS THIS NOTICE ON TO OTHERS! Get your neighbors and family involved.

Ohio Attorneys General Dave Yost needs to know how many dedicated patriots support Election Integrity across Ohio. Thanks Paula W for this information. I believe it is good to keep working with this until we hear the US Supreme Court is taking action, making a decision.

Dr Carrie Madej

Dr Sharon Tenpenny

Attorney Robert Owens

Attorney Thomas Renz

4.

America First-Ohio group meets Monday December 13 at 6:30 P.M. New Life Community Church, 6511 Milan Rd, Sandusky OH 44870

TOPIC: **Understanding how admiralty (maritime/commercial) law has usurped common or constitutional law.** This is a very important concept to understand because by understanding it you will understand how the government and the global cabal have systematically planned and conspired to remove your inalienable right to sovereignty.

Presenter: Pr Sean Cotterill
