

SPECIAL EDUCATION TEACHERS AND SCHOOL COUNSELORS

Refer a student to Elks Camp Grassick!

Please share this information with classroom teachers, interventionists, speech language pathologists, occupational therapists, physical therapists or case managers!

Many of you are familiar with Elks Camp Grassick and the programs we have offered through the years. We are excited to announce some changes that are coming to Camp Grassick for Summer 2025! We have been working hard this fall to make our camp sessions even better!

We have given the sessions new names and clarified who we are serving so that it is easier to determine which session will be the best fit for each student. Our sessions are determined by support level and will each have a slightly different focus. Some changes, such as shorter camp sessions, may not be the most popular choice for some families. However, all the changes we have made will help us to serve more children and adults each summer and provide a better experience for our campers. Please review the information sheet included for each camp session.

As we approach the end of the year, now is a great time to start thinking about students who would benefit from time at Camp Grassick. Whether it is extra therapies, social skills practice, or just the chance to be a kid and enjoy summer camp, Elks Camp Grassick is a great place to gain independence, learn and grow, and find respect and connection. Don't worry, we also have a lot of fun with recreation, crafts, swimming, boating, campfires, and so many other fun camp activities!

You can help by referring your students to Elks Camp Grassick. Applications will be available on our website starting January 15, 2025 and are due by March 26.

Please contact me at any time with any questions about applications or the Camp Grassick program.

Jenny Hunt, Director
