

HOMELESS AND ABANDONED SHELTER DOGS NEED YOUR HELP NOW!!

Animal-loving volunteers are needed immediately for a new program enabling city-wide Offsite Micro Adoption Events.

These small, 2-dog adoption events are held away from shelters in city parks and at community centers - where people gather. This model increases adoptions and is a critical element for humane animal inventory management.

How you will save lives:

- Apply and become an approved volunteer hero (must be 18 or older).
- Commit to helping with a 4-hour adoption event at least twice per month.
- Receive free dog-handling training by shelter staff.

On Adoption Day:

- Drive to the shelter in your personal vehicle and pick up a fur baby.
- Take it to an assigned adoption location.
- Let community members meet, pet, and fall in love with your pup.
- Return the fur-child to the shelter.
- Watch the magic happen.
