

# COLD WEATHER ALERT

JANUARY 2, 2025

**BELOW FREEZING TEMPS** are expected for much of next week (January 6, 2025- January 10, 2025). The feel like temperatures will be much lower than the actual temperatures. Please be prepared and make sure to protect the 4 "P"s:

- Pipes
- Plants
- Pets
- People

To help avoid pipes bursting, please make sure to **DRIP ALL INTERIOR FAUCETS** while temperatures are below freezing. If your home has a pipe burst, water needs to be shut off at the main meter valve outside. If you need assistance, please text or email us.

- 830-582-8040 (text app)
