

IMPORTANT WATER MESSAGE

October 11, 2023

We will be making repairs to the water system Thursday, October 11, 2023. Water may be unavailable between 7:30am to 6pm. We will be repairing leaks on the left side of the Park and Elm Pass. We will be trying to isolate the leaks. Water may be available on certain streets and may be intermittent. We do not anticipate the repairs to take long.

Please notify us via text or email Thursday night if you do not have water back on after 7pm. We appreciate everyone's understanding and patience as we deal with the leaks. Check out our website (serenityhillsrealestate.com) or facebook for water updates and important info going on around the Park.

We will be sending out updates via text and email throughout Thursday.

Thanks,

Taylor Simmons
