

A warm welcome from the Lincoln County Republican Party Chairman

FROM PEN AND PARCHMENT; ENTER THE NEXT PHASE.

Welcome to the Lincoln County Republican Party (LCRP) website. The creation of this media in March 2025 is taking the LCRP to the next level. The primary focus? Keeping you informed! This is truly a new day for LCRP and will bring light to things not seen in the past and expand our efforts toward improved party communication and engagement. This communication channel is and will be the launching pad for information and many initiatives that will help us build human and economic capital. This means identifying candidates and using resources to strengthen the party platform. Most importantly, we want to ensure all Lincoln County Republicans are informed voters and aware of opportunities where they can be involved if they have an interest in helping WE THE PEOPLE promote and uphold Constitutional principles.

The current Republican Party County board was installed in January 2025 and is not wasting time to plan and execute strategies targeted toward transparency, fiscal responsibility and filling elected positions. In less than 2 months we have launched a website, started fundraising development and deployed a special committee to fill vacancies among many other ancillary actions. This only scratches the surface of what we will do in 2025 and beyond.

Like any successful operation we are holding ourselves accountable to measurable results. This starts with analyzing our current condition against the desired. Our strengths are anchored largely in the party platform, with our weaknesses having been clearly masked in suppressed information. The obvious opportunities rest with informed voters with threats being a lack of full and comprehensive engagement of the republican populace. Knowing these will aid us as we build on the positives and tear down the obstacles with frequent progress checks.

In a nutshell, this website is for you. It contains and will evolve to build out a more comprehensive County and State source of information that will:

- strive for real time information,
- provide insight that far exceeds the level of party information previously available,

- is available to everyone and we strongly encourage sharing this destination and its content in an effort to become the best informed and strongest Republican Party county that we can possibly become.

In closing, I encourage you to visit this website frequently, participate where your gifts/talents and time permit and spread the word to family and friends. Our past as a LCRP had some defining moments. We will archive these learnings from the parchment of yesterday, use what is of value and push forward with an In The Moment and comprehensive plan that positions the LCRP for the current environment and poises us for being responsive and proactive to future developments.

God bless and thank you for your support of the Lincoln County Republican Party,
