Oracle NetSuite

Oracle NetSuite is an American cloud computing company founded in 1998 with headquarters in Redwood Shores, California that provides software and services to manage business finances, operations, and customer relations. Its software and services are tailored for small and medium-sized businesses with modules for ERP, CRM, PSA and e-commerce. Oracle Corporation has acquired NetSuite for approximately US\$9.3 billion in November 2016. The newly formed Oracle NetSuite business unit is managed by executive vice president Jim McGeever as Oracle's Cloud ERP for small and medium enterprises.
