- The warranty is non-transferable and proof of purchase is required at the time any claim is made.
- Canomex warranties against manufacturing defects in materials, structure, or workmanship.
- Any product deemed to have manufacturing defects in the material, mechanism, or workmanship must be reported to Canomex, as soon as possible.
- When submitting a claim, please include images of all defective areas, as well as a photo of the piece(s) in their current location.
- After our evaluation, any defects found will be covered by the warranty and addressed through the replacement or repair of the defective part or product. Best course of action will be determined by Canomex at the time of evaluating the claim.
- Any product that is modified, altered, or repaired by someone other than a member of our staff or a representative designated by us will not be covered and will automatically void this warranty.
- This warranty does not cover damages to customers' own materials including but not limited to fabrics, glass, or stone surfaces.
- We provide mandatory annual maintenance to ensure the validity of the warranty. To maintain the warranty, the previously mentioned annual maintenance services must be completed, with a maximum margin of 15 days. Failure to comply with any of these services will completely void the warranty.
- Whatever the defect with the product may be, simply schedule an appointment, and we will repair it—whether the defect is due to manufacturing or misuse on your part. For warranty purposes, the invoice proving the annual maintenance and purchase date must be unconditionally presented.
