Greetings to all.

I, :Name: a living flesh and blood man, wish to make factual statements to my Employer  
\_\_\_\_\_; President, Corporate Officers, Agents, Representatives, Business Partners,  
General Managers, Attorneys, Lawyers, hereafter, You.

This letter serves as my formal notice to You, and I come to You in peace, with honor and clean hands.  
Forgive me for going to the top but this is not a simple local concern.

With all due respect, and in the best interest of You and I, I ask that You take heed and read completely  
through this notice and the information contained within for a profession of truth in law and in my life.

I recognize the uncomfortable position You have been put into, and I know You have built friendships  
throughout the time of your employment with co-workers, some of which are the un-vaccinated or  
therapy non-recipients.

This notice was not sent with the intention to create harassment, argument, disruption, or  
insubordination, misrepresentation resulting in termination of my worker status and is based on fact. It  
was not sent for social, political, economic preferences, personal philosophy, or to complain about  
inconvenience or based out of untruths. It is a relevant expression of my God given unalienable  
sovereign rights; status, standing and jurisdiction. (See the First Amendment to the Constitution).

RE US/Return Receipt:  
RF US/Return Receipt:

I would like to help You understand the predicament that may be created for \_\_\_\_\_  
President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys,  
Lawyers, You, when forcing private living people to do anything with their bodies and or face threats of  
termination of their job, their livelihood and the undue grief, distress, worry and fears this creates for  
us.

In my application to work for Amerace then Eagle, then Thomas & Betts and now  
\_\_\_\_\_ + years ago, it did not include a contract; government or otherwise,  
and or any agreement to give up any of my unalienable rights.

Therefore, I believe it is necessary to give You lawful notice in regards to the COVID vaccines or  
therapies that have been mandated by \_\_\_\_\_ President, Corporate Officers,  
Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, based on  
Federal Mandates and OSHA.

I have been notified on November 3<sup>rd</sup>, 2021 and again on Thursday, November 18<sup>th</sup> 2021, that all  
workers must be forced to fully vaccinate with COVID-19, or provide a religious exemption to  
\_\_\_\_\_s President, Corporate Officers, Agents, Representatives, Business  
Partners, General Managers, Attorneys, Lawyers, You, based on Federal Executive Order 14042 and  
OSHA. However, this order is specifically a Presidential Executive Order based on OSHA regulations.  
Nonetheless, I was told I must be vaccinated and provide proof or provide a federal religious exemption  
or face termination of my worker status based on this Order and OSHA.

I know I am responsible to know the law. As I am sure You are responsible  
as well.

I have the responsibility to notify You of the following observation of mistakes in the assertion of the  
Mandate and after reading the laws and court cases and comparing them to the Mandate.

Through verifying this Mandate and the laws that should support it, I have found, a US President does  
not have the lawful executive power to force Executive Orders on the people including private  
corporations, companies, workers, employees. All Executive Orders only apply to the Executive branch  
of the Government, and their government employees. A Private Corporation and Company that sells its  
products to the Federal Government or hires contractors to do work for the Federal government results  
in these contractors receiving direct payment from the federal government in exchange. This does not  
make private workers and employees liable to federal liabilities including executive orders. The people  
are still private. I am open to your lawful interpretation of federal liabilities and the contract I have  
agreed to, but have not seen this prior to and up to the date of this notice.

**For Example:** I receive payment from \_\_\_\_\_, not the US Department of Treasury or US Department  
of Defense or any other US Agency. It is important to know the laws before exercising any assertion

including Mandates of any type. And Lawyers, Attorneys or “Legal” as stated in a stand-up meeting have been known to make mistakes. In this instance, it is a grave mistake.

In order for a federal law to apply to the people, it must be recorded as part of the Federal Record aka, Congressional Record. It does not apply to the people if it is published in the federal register. If in the federal register, it applies to the federal government only. I don't find this Mandate contained in the Federal Record.

It is very important for You to know the truth of my Status: As previously notified by mail with documentation uploaded into Workday, sent certified mail December 12<sup>th</sup>, 2019 and personally served to on January 7<sup>th</sup>, 2020 to:

**Name** DBA; Company Address December 2019 by mail and in January 2020 hand delivered.

Corporate Agents, Representatives, Business Partners in December of 2019:

**Name, Address**

I asked **Name** to add this to my files, please refer to this information for clarity on my Status, Standing and Jurisdiction. I will also include a copy of documentation filed with the US Department of State Office for additional information pertinent to this situation and the recourse I have for the assertions You may decide to take.

For \_\_\_\_\_ years, up to the date of this letter, Installation Products President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, have not shown veritable proof of a contract that I am a Federal Employee, a Federal contractor and I have never received an offer to contract as such and am under no such obligation nor federal jurisdiction, and am unable to act nor have acted as such and \_\_\_\_\_ President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, by your silence since 2019, are in acquiescence by default in non-response to the previously provided documentation and communication as stated within. And as asked previously, please correct my records per the attached documentation from the US Department of State and uploaded documents in Workday.

A US government agency, the President, Governor, a Corporation, their President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, etc., have no lawful right or authority to make law or circumvent the law in the creation of policy that violates law. In order to have any force in law, corporate policy should not violate law but work hand in hand with the law and your procedure to enforce any mandate proves otherwise, and your mandate fails to contain elements or substantiation in law, therefore, is invalid and cannot be enforced tyrannically or under color of law, outside of the law. Otherwise violates my unalienable rights. See below. This is not about taxes, but in general, about rights of the people.

In the best interest of \_\_\_\_\_ President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, it is wise to contemplate the assertion of unlawful actions including vaccine mandates against the private workers, the people.

*United States Court of Appeals for the Fifth Circuit Case No. 21-60845 filed November 12, 2021*

*The Constitution vests a **limited legislative power in Congress**. For more than a century, Congress has routinely used this power to delegate policymaking specifics and technical details to executive agencies charged with effectuating policy principles Congress lays down. In the mine run of cases—a transportation department regulating trucking on an interstate highway, or an aviation agency regulating an airplane lavatory—this is generally well and good. **But health agencies do not make housing policy, and occupational safety administrations do not make health policy.** Cf. *Ala. Ass’n of Realtors*, 141 S. Ct. at 2488–90. In seeking to do so here, **OSHA runs afoul of the statute from which it draws its power and, likely, violates the constitutional structure that safeguards our collective liberty. For these reasons, the petitioners’ motion for a stay pending review is GRANTED. Enforcement of the Occupational Safety and Health Administration’s “COVID-19 Vaccination and Testing; Emergency No. 21-60845 21 Temporary Standard”<sup>22</sup> remains STAYED pending adequate judicial review of the petitioners’ underlying motions for a permanent injunction.** <sup>23</sup> In addition, **IT IS FURTHER ORDERED that OSHA take no steps to implement or enforce the Mandate until further court order.***

Installation Products President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, continue to demand a religious exemption in contempt of the Stay per above. I believe the law says, those that refuse to adhere to any court ORDER are in contempt of court.

1. My inability to fill out and autograph the \_\_\_\_\_ President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, Your religious exemption form is because the form violates the privacy act of 1974, HIPA and in general, my privacy. It also creates a waiver of my rights. This notice serves as my request for exemption.
2. My inability to accept any vaccination or provide a Federal Religious Exemption based on a US Presidential Executive Order, NIH, OSHA, NEW MEXICO HEALTH DEPARTMENT, Installation Products President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, or any Federal or Incorporated entity and that has been adopted and mandated and forced upon me as allegedly necessary by You, without lawful standing, would be the decision of You, to sever the working relationship through termination by firing me from my worker status. Although this notice contains everything You need to recognize my sovereign rights to work, breathe, live and be safe at the \_\_\_\_\_ plant without the unsubstantiated assertions of any federal responsibilities or liabilities.
3. As a fair notice, You are not personally immune from liabilities by violation of my unalienable rights as an American State National; Non-US Citizen; Non-Federal; not a Corporation nor an Officer of a Corporation, I am living, breathing flesh and blood man.
4. The US President, OSHA, You, The State of New Mexico, Governor etc., cannot make Law, and Federal Executive Orders or any government agency or mandates and their exemptions do not apply to the private worker.
5. As an American State National; Non-US Citizen; Non-Federal; not a Corporation or an Officer of a Corporation not subject to Presidential Executive Orders or Federal Religious Exemptions, agreement to partake in the unlawful COVID-19 unlicensed vaccine and or submission of a Religious Exemption or testing would create the assertion and agreement that I am subject to federal liabilities. This violates my rights and sincerely held religious beliefs, practices and or observances anyway.
6. Although I am not subject to the Federal Government, the following is a description of my private religious beliefs that prevent me from receiving the unlicensed COVID-19 vaccination, testing and masks:  
  
Fair notice: US Government, Installation Products President, Corporate Officers, Agents, Representatives, Business Partners, General Managers, Attorneys, Lawyers, You, do not have the right or authority to judge whether or not one is religious enough for any reason whatsoever. - b. I serve one sovereign government created on the foundation of one God, Yaweh (Creator) together with His Son Yeshua (Jesus), and Ruach Ha Kodesh, (Holy Ghost). This foundation is the result of the founding of this country and the unincorporated, The United States of America and New Mexico state and the founding documents; the Holy Bible, the Declaration of Independence and the Bill of Rights as the foundation of my life.
- c. My personal moral code stands on the Holy Bible Law.

A few examples of the origination of my faith, The Ten Commandments of the Holy Bible states:

### Exodus 20 NKJV

And God spoke all these words, saying:

<sup>2</sup> "I *am* the Lord your God, who brought you out of the land of Egypt, out of the house of <sup>[a]</sup>bondage.

<sup>3</sup> "You shall have no other gods before Me.

<sup>4</sup> "You shall not make for yourself a carved image—any likeness *of anything* that *is* in heaven above, or that *is* in the earth beneath, or that *is* in the water under the earth; <sup>5</sup> you shall not bow down to them nor <sup>[b]</sup>serve them. For I, the Lord your God, *am* a jealous God, visiting<sup>[c]</sup> the iniquity of the fathers upon the children to the third and fourth *generations* of those who hate Me, <sup>6</sup> but showing mercy to thousands, to those who love Me and keep My commandments.

<sup>7</sup> "You shall not take the name of the Lord your God in vain, for the Lord will not hold *him* guiltless who takes His name in vain.

<sup>8</sup> "Remember the Sath day, to keep it holy. <sup>9</sup> Six days you shall labor and do all your work, <sup>10</sup> but the seventh day *is* the Sath of the Lord your God. *In it* you shall do no work: you, nor your son, nor your daughter, nor your male servant, nor your female servant, nor your cattle, nor your stranger who *is* within your gates. <sup>1</sup> For *in* six days the Lord made the heavens and the earth, the sea, and all that *is* in them, and rested the seventh day. Therefore, the Lord blessed the Sath day and hallowed it.

<sup>12</sup> "Honor your father and your mother, that your days may be long upon the land which the Lord your God is giving you.

<sup>13</sup> "You shall not murder.

<sup>14</sup> "You shall not commit adultery.

<sup>15</sup> "You shall not steal.

<sup>16</sup> "You shall not bear false witness against your neighbor.

<sup>17</sup> "You shall not covet your neighbor's house; you shall not covet your neighbor's wife, nor his male servant, nor his female servant, nor his ox, nor his donkey, nor anything that *is* your neighbor's."

To be licensed, the FDA must find that a medical product is “safe for use and ... effective in use. Until licensed, a medical product remains investigational, even after issuance of an EUA.

As the National Institutes of Health (“NIH”) explains with regard to a vaccine granted EUA: “The issuance of an EUA is different than an FDA approval (licensure) of a vaccine. A vaccine available under emergency use authorization is still considered investigational.”

And as the FDA explains, “an investigational drug can also be called an experimental drug” because these two terms are synonymous.

For example, the EUA fact sheet for an intravenous drug to treat H1N1 granted EUA by the FDA explains that it is “an experimental drug.” Similarly, after an EUA was granted Long settled legal precedent establishes that it is not legal to coerce an individual to accept an unlicensed, and hence experimental, medical product. An individual must voluntarily agree, free from any undue influence, to accept same. This principle was first codified long-ago by American jurists. It was then incorporated into the United States Code, the Code of Federal Regulations, and guidance from federal health agencies. See e.g., 21 U.S.C. § 360bbb-0a (Even for patients with a life-threatening condition, an unlicensed medical product cannot be coerced, rather Congress required obtaining the patient’s “written informed consent.”) 42 U.S.C. § 9501 (Same for mental health patients); 45 C.F.R. § 46.116 (For an unlicensed medical product, the “Basic elements of informed consent” include that “participation is voluntary,” “refusal to participate will involve no penalty or loss of benefits to which the subject is otherwise entitled” and that consent be obtained without “coercion or undue influence.”

### **FDA Information Sheet:**

**Informed Consent (“Coercion occurs when an overt threat of harm [such as expulsion from school or employment] is intentionally presented by one person to another in order to obtain compliance.”**

**The principle that individuals should not be coerced to receive an unlicensed medical product is also codified in the law of at least 84 countries and is an accepted principle of international common law. See, e.g., Abdullahi v. Pfizer, Inc., 562 F.3d 163, 184 (2nd Cir. 2009) (“We have little trouble concluding that a norm forbidding nonconsensual human medical experimentation [which includes unlicensed medical products] is every bit as concrete – indeed even more so – than the norm prohibiting piracy.... The Nuremberg Code, Article 7 of the ICCPR, the Declaration of Helsinki, the Convention on Human Rights and Biomedicine, the Universal Declaration on Bioethics and Human Rights, the 2001 Clinical Trial Directive, and the domestic laws of at least eighty-four States all uniformly and unmistakably prohibit medical experiments on**
