

# Mission

Our Mission is to provide knowledge, understanding, and education that produces wisdom in becoming an American State National. The educational information provided for this process helps avoid the pitfalls of inexperience while building knowledge and truth in becoming a State National. Our forefathers, who forged our Country's founding documents, expounded that "We the People" were given unalienable rights. Also, God gave dominion to mankind in the Book of Genesis. (Ref: Gen 1:26-30) Through years of experience from those who know the process best, we extend our hands in friendship in providing documentation from those who can answer your questions on how to reclaim your original constitutional rights. Be it duly noted: The Americans Assembly lives peaceably among ALL men in the pursuit of educating one's standing, status, and jurisdiction.

Government tyranny and

In 1871 the "United States of America was incorporated, which voided the constitutional rights of "We The People." Since then, there were no lawful laws passed, only corporate bylaws, statutes, codes, rules, and procedures!!

Since 1871 the United States president and the United States Congress have been playing politics under different rules and policies. The American people were not informed there were two Constitutions in the United States. The first was written by leaders of the independent states of the United States in 1776. On July 2, 1776, the people claimed their independence from Britain, and Democracy was born. And for 95 years, the United States people were free and independent. However, freedom ended when the original "Constitution for the united States for America" was changed in 1871 to "THE CONSTITUTION OF THE UNITED STATES OF AMERICA."

You were born an American State National, unlawfully converted to a United States Citizen. You have the remedy and right to correct your status and be an American State National, which will set you free from the UNITED STATES GOVERNMENT CORPORATION.
