

Project John Single Operating Trust

\$1,000.00

A Project John 832 trust writer will create a Single Operating Trust for you.

The Project John single Trust is an Irrevocable Expressed Trust written in Common-Law language. This Trust establishes the jurisdiction of our God given rights to contract under Article 1, section 10, clause 1: No State shall enter into any Treaty, Alliance, or Confederation; grant letters of Marque and reprisal; coin money; emit bills of credit; make anything but gold and silver coin a tender in payment of debts; pass any Bill of attender, ex-post Facto law, or law impairing the obligation of contracts, or grant any title of nobility.

This Trust establishes the difference between the de facto Corporate Government and the lawful founding Government. This Trust claims under a Declaration all rights of living men and women. There are no signature lines, only autographs. Signatures are for dead entities (Your ALL- CAPS-NAME) and autographs are for living Natural persons, see Blacks Law 11th ed. Depending on how many Trustees and Beneficiaries the Trust has, it is between 49 to 77 pages. This Trust is a pure non-statutory Trust that meets the North American Industry Classification System Number (NAICS) 525920.

This is a great starter Trust that is very reasonably priced. Most Statutory Trust cost between \$2,500.00 to \$3,500.00 for a single trust and \$3,000.00 to \$6,000.00 for a web trust from an attorney. All the attorney Trusts establish your jurisdiction in the admiralty/maritime courts to steal your assets while providing no support with implementing or operating within in a trust.

The Project John Trust(s) include the following:

The Indenture, By-laws, First Minutes, Beneficiary Certificates, Memorandum, Affidavit, Banking Resolutions, Instructions of how to open your Bank Account, a Certificate of Existence to record on public record, plus many supporting documents for your Trust(s).
