Subject: Living Fresh Foods **MycorrPlus-O™** Natural Soil Amendment with Mycorrhizae, Humic, Fulvic and Sea Minerals

Dear Customer,

Our goal is to build a successful business that helps families gain access to nutrition safe foods and help our customers develop a healthy lifestyle. We offer tested and proven safe Growing Kits, Microgreen Seeds, Grow Supplies and Supplements that we personally have designed or selected for our own family and friends.

MycorrPlus-O™ Packets

Guaranteed Analysis: 0 – 0 – 0.7

Soluble Potash (K2)..0.7% Magnesium (Mg)..1.9% Chlorine (Cl) ..5.8% Sodium (Na) ..0.6%

Derived From: Potassium Sulfate, Potassium Chloride, Magnesium Chloride and Sodium Chloride

- Directions: Pour Packet contents into a gallon of water and pour on the Soil around your Container Plants. Packet can stain so mix outdoors or over a sink.
- This power formulation with Mycorrhizae and Concentrated Sea Minerals creates carbon sequestration by the Plant into the Soil. Carbon sequestration brings life to your grow material.
- A better growing soil provides a better environment, for health, productivity and nutrients.
- Humic and Fulvic Acids boosted by Sea Mineral Concentrate with Trace Minerals energizes the Soil.
- Three Packets are included in the package which is enough to make a three-gallon solution.
- Built with Organic Ingredients
- Our Sea Minerals concentrate contains over 70 different Major and Trace Minerals. When combined with water they become active and electrically charged (electrolytes).
- We ship anywhere in the USA for free.

Keep out of the reach of children

Store in Room Temperature

Eye Splash-Wash with running water until clear. Wash hands with soap and water afterwards.

His Provisions, LLC dba Living Fresh Foods

MycorrPlus-O

MATERIAL SAFETY DATA SHEET
