When To Keep A Child Home

As we are all trying to gain some normalcy back, we must make some changes to ensure this can happen safely for all. Below are the updated guidelines for Valley Day Care and Preschool's Exclusion Policy.

Fever 100 or greater:

A child must be 72 Hours Fever Free without Tylenol/Ibuprofen before returning to child care, or school. For example, if your child has a fever at 2pm on Monday He/She cannot return until 72 hours after the fever has broken. (The earliest return would be Friday)

If Your Child Vomits and/or diarrhea:

First time without a fever in school they must be sent home but can return the next day.

Second time in one day: If your child vomits or has diarrhea more than once in a day than they must go 24hours without vomit/diarrhea before attending school.

If a fever is present with vomiting, or diarrhea the child must be both fever and vomit/diarrhea free for 72 hours.

Colds/Coughs:

During the winter months and allergy season almost everyone gets a runny nose and a cough. However, with the development of COVID-19 and the inability to differentiate we must exclude anyone with a persistent cough from the center. Please keep your child home if they have a persistent cough as they will not be permitted in.

Please use your judgement and if your child has any of the following please keep them home:

- large amounts of mucus from their nose (green or yellow typically indicates infection)
- sneezing a lot
- Severe ear pain or fluid coming from the ear
