Check with the Church office after 8:00 AM on Monday morning to get the current week's envelopes.

The Weekly offering, Christmas, Easter, Lent, Pentecost, Sunday School and Initial money should be listed separately on the counter sheet. All of these offerings should be listed as one amount of money on the bank deposit ticket. The total on the counter sheet and the bank deposit should be the same. The noisy offering bag can be taken as is to the bank for counting.

If you and your counting partner have problems with the schedule please try to change weeks with someone, or just ask someone from the list to help you.
