Airbrush makeup is a professional formula and technique that involves spraying foundation directly onto the skin with an airbrush gun. The specially-formulated airbrush makeup is loaded into a handheld device and sprays out with the help of forced air in a fine mist onto the skin. It has the most natural application finish and it is long wearing, non-transferrable as well as waterproof! This fee is applicable per client application. If you're interested in booking 5 Airbrushed makeups, select 5 under QTY.
