

Hatboro Community Cupboard Monthly Report for January 2024

This has not been an easy month. As the holiday motivated stream of donations starts to slow, the number of families seeking support has not slowed. In fact, our numbers are increasing dramatically. This seems to be typical of the pantries in our area.

The only week in January that saw a “typical” number of client visits was the week that we had to close one day due to the snow. The other three weeks saw us have growing numbers. We added 24 new families in the month. Our total number of visits for the month was 448 as compared to 315 for 2023.

We are relying on our faithful donors from all four co-sponsoring churches. Our priority needs list is:

- Chili
- Beef Stew
- Manwich
- Boxed Pasta
- Mac and Cheese
- Peanut Butter (regular sized jars, please)
- Canned Mixed Vegetables
- Canned Pinto Beans
- Toilet Paper

As always, we are grateful for your continued support and prayers.
