When: Saturday, April 22nd, 4pm-9pm

Where: Out of Step Clay Studio
7045 W. 38th Ave.
Wheat Ridge, Co. 80033

Contact: Joshua Margolis
Joshua@outofstepclay.com

Out of Step Clay is excited to announce our first year anniversary party and benefit event "Fire Pots, Not Gun". From the inception of this teaching studio it has been our goal to activate our creative community in making a positive impact on the community outside our walls. For our first year celebration we will be using this time to host a benefit for Anti-gun violence organizations. Over the last year, whenever Out of Step Clay owner/instructor Joshua Margolis has demoed for his students, he has stamped "fire pots not guns" on the bottom of his pots, with the long term intent of donating the proceeds of those pieces. There will be over 100 pieces made for this event for purchase, where the majority of the proceeds will be donated to organizations yet to be determined. Friends, families, and the general public will be welcomed to this event on April 22nd to both celebrate and support our core mission at Out of Step Clay. For preview or interview requests please reach out to joshua@outofstepclay.com

About Out of Step Clay
