Loyalty. Hustle. Family.

"MY MUSIC IS WHAT FEELINGS SOUND LIKE"

-SEVIIN

Brooklyn-born and Georgia-connected, SeVIIIn Reasons is carving out his own lane with a sound that can't be boxed in. A true lyricist who can harmonize, he moves effortlessly across all lanes of hip-hop and R&B, delivering relatable storytelling, soulful melodies, and authentic rap delivery that connects with listeners on a deeper level.

Raised in church by a choir-director mother, SeVIIIn's passion for music began early and never stopped.

Over the course of ten years as a working music professional, he has written and produced his own music, written for other artists, and built a sound rooted in real life...loyalty, perseverance, faith, and the hustle that keeps people going.

Influenced by icons like Tupac, Nas, Drake, and Jodeci, SeVIIIn brings together the best of every era, the lyricism of the 90s, the melody of R&B, and the energy of today.

His debut album Road to Damascus is coming soon.
